# GREEN'S NURSERY CO.

ROCHESTER, N. Y.

# THIS IS OUR ONLY SALESMAN

In presenting this edition of our catalog we wish to extend thanks for past patronage and to assure our customers prompt and careful attention to all inquiries and orders they may favor us with.

## THE CASH WITH ORDER WAY

### Why Pay Agents' Commissions?

You get trees so much cheaper from us because our way of dealing direct with the planter, and saving middlemen's expenses and commissions enables us to sell quality trees at almost half the price that the tree agents ask.

### Why Pay Other People's Bad Debts?

**HOW TO ORDER.**—Please make out your order on detachable order sheet in back of catalog. **Send payment with order.** Procure a Money Order at your post-office or express office, or a draft at the nearest bank, or send cash in a registered letter. **Mail all to us in the enclosed self addressed envelope.** Follow directions **"HOW TO ORDER"** on order sheet as closely as possible and make directions very plain as this will prevent any mistakes occurring. If directions are omitted we will forward according to our own judgment. Small orders will go cheaper by express, large orders by freight. **Always state sizes desired.**

**ORDER EARLY,** as our orders are shipped in the rotation they are received—**First come, first served.** We cannot delay orders received first for orders coming later requiring immediate attention. If for any special reason it is necessary that an order be shipped on a specified date make a note on the order and we will comply with the request if possible. Our regular shipping season opens in the Spring about March 15th and in the Fall about October 15th.

**PACKING.**—We do not charge for packing, boxing or delivering to freight or express companies at Rochester. We do not prepay any charges, unless goods are to be delivered to a prepaid station, as all our prices and quotations are **Free On Board cars at our nurseries.** If you have no agent at your station and shipment **has to be prepaid,** notify us and we will prepay and bill charges to you after shipment.

**OUR TREES** are **Clean, Healthy, Hardy, and Thrifty.** Finest grown. It is an established fact that in no other part of the country do fruit trees attain the perfection of those grown in Rochester and vicinity. Not one Nurseryman in a thousand buds or grafts his own trees as we do. Our trees are grown and cared for by men who have been in our employ from 25 to 30 years. They know how and do turn out the finest fruit trees possible. Our stock is all first class of the different sizes as specified. We do not handle any second class trees. **All poor trees or culls go into the brush heap.** There never has been any San Jose Scale found in or near our nurseries. Our trees are inspected by state authorities every year and an official certificate of their freedom from disease accompanies each shipment.

**OUR GUARANTEE.**—We exercise care to have our stock genuine and reliable, and hereby guarantee that if all, substantially all, or any part of stock delivered, does not prove true to name as ordered, we will replace it free of charge, or refund the money paid for it, that being the measure of damages for a breach of the contract.

**OUR RESPONSIBILITY.**—See any commercial agency, banker or postmaster at Rochester. Our trees are sold by pleased customers recommending us to their friends. We cannot afford to give unsatisfactory service to our patrons. **IF WE PLEASE YOU, TELL YOUR FRIENDS. IF NOT TELL US.**

**RATES.**—Less than ten of a variety always at single rates.

Over ten and less than 30 of the same variety at 10 rates. 10 rate will not be given on a lot of 10 or more composed of several varieties. The 10 must all be of the same variety.

Over 30 and less than 300 of the same variety at 100 rates. 100 rate will not be given on a lot of 30 or more composed of several varieties. The 30 must all be of the same variety.

Over 300 of the same variety at 1,000 rates. 1,000 rate will not be given on a lot of 300 or more composed of several varieties. The 300 must all be of the same variety.

Where no 1,000 rate is given the 100 rate always governs.

**EXAMPLE.**—In an order of 5 Baldwin, 8 Northern Spy, 9 Ben Davis, 10 Fameuse, 20 Early Harvest, 40 Fall Pippin Apples, 200 Cuthbert, 200 Kansas Raspberry, and 400 Eldorado Blackberry, the 400 Eldorado would go at 1,000 rates the 200 Cuthbert, the 200 Kansas and the 40 Fall Pippin would go at 100 rates, the 20 Early Harvest and 10 Fameuse would go at 10 rates and the 9 Ben Davis, 8 Northern Spy and 5 Baldwin would go at single rates.

**COLLECTIONS.**—We cannot make any changes in our collections, for they are selected and bundled before our busy shipping season and the valuable time saved by doing this makes it possible for us to offer these collections at such a reduced price.

## NO SUBSTITUTION

In filling orders from this catalog we reserve the right, in case we are out of a variety, to substitute another of equal merit when it can be done (always labeling with correct name,) unless the party ordering says "No substituting," in which case we will fill the order so far as we can and return the balance. All heavy trees in large amounts should be sent by freight, as charges are so much less, and our perfect packing admits a long journey without injury to the trees. Always give full and explicit shipping directions, as our responsibility ends on delivery of trees in good condition to the freight or express office.

CHAS. A. GREEN, President and Founder

1—A corner of our main packing house at Clifton, N. Y., where we bale or box the larger part of our trees preparatory to shipment to all parts of the country. When this was built it was the largest nursery packing house in the country. 2—Our rapidly increasing business compelled us to build these enormous packing houses at Rochester, N. Y. The bales of excelsior and moss seen in this picture are used to pack around the roots of our trees during shipment. Trees packed in this way will keep for many weeks in perfect condition. 3—An addition to our main packing house at Clifton, N. Y. We have been obliged to build so many additions that our main packing house is virtually surrounded with them. 4—Our office at Rochester, N. Y. When Mr. Green started business he did all the office work himself at one desk. Now we employ over fifty clerks to handle our enormous mail. Our labor alone costs us \$50,000.00 a year. 5—A block of one year old trees growing on our nursery farm at Clifton, N. Y. The tenant houses in the background are occupied by our men, a good many of whom have been born and brought up on our farms. We employ over 150 men to grow, dig and prepare our trees for shipment. We have five nursery farms, totaling 359 acres, under cultivation.

# The Story of My Nursery Business

## I MOVE BACK TO A FARM

I AM a farmer and a fruit grower—always have been—was born and brought up on a farm. Fruit growing has always been my hobby and pleasure, but, like a great many other young men who live in the country, I did not appreciate the advantages that country life offers, and moved to the city.

In 1877 I left my bank in Rochester and went twelve miles outside the city to a farm on which I intended to raise fruit. The first year on this farm I planted and budded about a thousand seedlings (trees from seed). The trees grew well and I planted acres into orchards.

I had a few surplus trees. These I sold to my neighbors. My neighbors' trees grew well. They then came to me and said: "We like your trees. They are fine trees and we paid only twenty-five cents each for them. Agents charge us one dollar or more. Will you have more next season?"

## THE IDEA THAT BROUGHT RESULTS

This question set me to thinking. Then the idea came to me: Grow the best trees possible. Get them into the hands of the people by selling direct on a cash with order basis. Cut out the agent or salesman. Use a catalog.

## BIRTH OF MAIL ORDER NURSERY

I began right then to work out this idea. The success of this plan you well know. Many other nurseries which sold nursery stock by agents now sell with agents and catalog also. But I have never had an agent in my business and never will. I believe that the saving which my catalog business brings should go into your pocket.

## BUSINESS GROWS, MOVES TO ROCHESTER

In the year 1890 my business had grown to such an extent that I found it advisable to move my main office to Rochester, N. Y. I located near Highland Park in Rochester, and built a large main office and packing house. My business grew and I found it necessary to buy more land. I now have five nursery farms, in Clifton, Coldwater and Riga, all within fourteen miles of Rochester. I also built many new buildings and an office at Clifton.

I was the first nurseryman to sell largely trees direct by catalog only. I have done business so many years by this direct method that my organization knows every phase of the mail order nursery business. You may have great confidence in my organization to get good trees to you in perfect condition.

## MEN WITH ME FOR YEARS

Many of my men who have been in my organization for years have sons who have worked in my nurseries ten to fifteen years. These young men have learned the nursery business from childhood and are experts in their special departments.

## HOW I GAINED THE CONFIDENCE OF THE PEOPLE

To establish a business of this kind it was necessary to gain the absolute confidence of the general public. This could be done only by satisfying every customer or giving "fair play and half the road," and sometimes more than "half the road."

But this rule has always been strictly adhered to, as it is this more than anything else that made it possible for me to establish "the largest mail order nursery in the world."

Absolute responsibility and honesty, highest quality trees, most reasonable prices, trees true to name, satisfaction to customers, are the corner-stones of my business.

CHAS. A. GREEN.

## C. A. GREEN'S SPECIAL COLLECTIONS OF BEST VARIETIES

For the benefit of those who are not as familiar with the different varieties as I am, I have made up the following SPECIAL COLLECTIONS, or combinations of varieties, to aid my patrons in making their selection. I have known all these varieties for a great many years and have made up the special collections so as to include only the best varieties of each class of fruit or ornamental. These trees offered are all our very best trees. Do not confuse them with the dollar per dozen kind offered by some irresponsible nurserymen. Time means money with us during our busy shipping season, and it is the time saved by tying these collections up ready for shipment before the shipping season begins that enables us to offer them at special reduced prices, so for this reason it is impossible for us to make any changes in the collections as specified.

CHAS. A. GREEN.

### Green's Banner Collection

40 Splendid Medium Size Trees for \$3.00

10 BARTLETT Std. Pear—4-5 ft.—10 McINTOSH Apple  
10 DUCHESS Dwf. Pear—2-3 ft.—10 ELBERTA Peach

|-------------------|------------------|
| 1 GREEN'S BALDWIN | 1 BALDWIN        |
| 1 WINTER BANANA   | 1 R. I. GREENING |
| 1 AMERICAN BLUSH  | 1 WEALTHY        |

SPECIAL PRICE \$1.50 (Sold Elsewhere \$3.00)

**IMPORTANT**—The trees, bushes, vines, etc., used in these collections are the very best we grow. They are equal if not superior to any grown. Do not confuse them with the \$1.00 per 12 kind grown and offered by inexperienced men. We are not bragging. We have been growing trees for nearly half a century and ought to know by this time how to produce the best.

AMERICAN BLUSH

## APPLE TREES

PRICES—EXCEPT WHERE OTHERWISE NOTED:

	Each	10	100
Extra Size, 6 to 7 ft., XXX	\$0.25	\$2.00	\$15.00

PARCEL POST—First Class Small Size Trees, not taller than 3 ft., can be sent by parcel post, postage prepaid, for 15 cents each, \$1.25 per 10.

## Chas. A. Green's List of Select Varieties

For the convenience of my patrons, the varieties that I think best for commercial orchard planting I have underlined and put in heavier print and I would urge those setting out commercial orchards to confine their selections to these varieties. The varieties in smaller type and not underlined are fine varieties, every one of them, and are excellent for garden planting.—C. A. Green.

### Greening: (Rhode Island

Greening)—(WINTER.) This apple has a recognized standing, both in domestic and foreign markets, and sells readily for good prices. It is regarded as the very best cooking apple grown and also excellent for dessert use. Size large. Flesh yellowish, firm, fine grained, crisp, tender, juicy, sprightly subacid, very good. Skin grass-green to yellow, sometimes with brownish-red blush. Tree large, strong, vigorous, wide spreading. Ripens in December, keeps until April.

### American

Blush. (WINTER.) An excellent variety for commercial planting. Fruit

RHODE ISLAND GREENING

large, firm, fine grained, tender, crisp, juicy, aromatic. Skin yellow blushed, mottled with red. Ripens in October; keeps until January.

Prices: Extra Size, 6 to 7 ft., XXX, 30 cents each; \$2.50 per 10; \$20.00 per 100. Orchard Size, 5 to 6 ft., XX, 25 cents each; \$2.00 per 10; \$17.00 per 100. Smaller Size, 4 to 5 ft., X, 20 cents each; \$1.50 per 10; \$12.50 per 100.

Stark. (WINTER.) This is an unusually hardy variety and is well liked for baking and evaporating. Fruit large, firm, tender, juicy, mild, subacid. Skin yellow mottled and striped with red. Tree large, vigorous and very hardy. Ripens in January, keeps until May or June.

JONATHAN

**Jonathan.** (WINTER.)

This is a decidedly attractive apple, being predominantly of a bright red color. Great apple of the west and northwestern states. Succeeds everywhere. Fruit firm, tender and very crisp, very juicy, mild subacid, of good quality. Skin smooth and glossy, whitish yellow overspread with bright red and splashed with deep carmine. Tree vigorous. Ripens in November, lasts until April.

**York Imperial (Johnson's Fine Winter)**—

(WINTER). This is one of the leading commercial varieties of the Middle Atlantic States. Very valuable on account of its unusually attractive appearance and fine keeping qualities. Fruit large, firm, crisp, moderately juicy, mild subacid or nearly sweet. Skin green or yellow, covered with light red and striped with carmine. Tree vigorous and hardy. Ripens in January, lasts until April or May.

YORK IMPERIAL

**\*Winesap.** (WINTER). A well known popular dark red variety of medium size, firm, crisp, juicy, subacid. Ripens in January, lasts to June.

**Northern Spy.** (WINTER). This variety ranks next to Baldwin and R. I. Greening in importance. It is a fine apple for culinary use and its exceptionally fine flavor makes it invaluable as a dessert apple. Fruit very large, rather firm, very tender, crisp, very juicy, subacid. Skin pale yellow, nearly concealed with bright pinkish red and mottled with carmine. Tree large vigorous and hardy. Season November to April.

**Ben Davis.** (WINTER.) The most popular apple grown south of the Baldwin region. Fruit above medium to large. Flesh whitish, firm, juicy, good. Skin yellow, striped, splashed with bright red carmine. Tree medium size. Ripens in January.

**Bismarck.** (WINTER.) A very desirable apple for kitchen and market purposes. Yellow overspread with dull pinkish red. Tree dwarfish, hardy. Ripens in October, lasts to early winter.

**Maiden's Blush.** (FALL). A very beautiful apple, valued especially for market and culinary uses. It makes very white evaporated stock. Fruit large, moderately crisp, tender, very juicy, subacid. Skin pale waxen yellow with crimson blush. Tree medium size, vigorous and hardy. Ripens in September, lasts to November or December.

**Northwestern Greening.** (WINTER). A very hardy variety. Desirable for localities too severe for Rhode Island Greening. Fruit large, crisp, firm, juicy, mild subacid. Skin clear pale yellow or greenish, sometimes

faintly blushed. Tree vigorous and very hardy. Ripens in January, lasts to April.

NORTHERN SPY

BALDWIN—THE OLD RELIABLE

**Baldwin.** (WINTER.) Without question, the leading commercial variety in New England, New York, Ontario, Ohio, Michigan and in many sections from Colorado to Washington. You are taking absolutely no chances when investing your money in this variety. Absolutely dependable. Fruit large, firm, moderately coarse, crisp, rather tender, very juicy, agreeably subacid. Skin yellow or greenish, blushed, mottled and striped with bright red and deep carmine. Prevailing effect is bright red. Tree large, very vigorous, strong and hardy. Ripens in November, lasts until May.

**Spitzenburg.** (WINTER.) A well known variety of the Baldwin class; handsome red. Medium to large. Crisp, juicy, tender, subacid. November to February. **Prices:** Extra Size, 6 to 7 ft., XXX, 30 cents each. Orchard Size, 5 to 6 ft., XX, 25 cents each. Smaller Size, 4 to 5 ft., X, 20 cents each.

**Gano.** (WINTER.) Variety of the Ben Davis type, medium to large; yellow mottled and blushed with red, firm, tender, subacid. December to May.

**Sutton Beauty.** (WINTER.) Attractive bright red, fine, tender, juicy, mild subacid; medium to large. November to March.

**Wisner's Dessert.** (WINTER.) Of Canadian origin. Skin yellow shaded and striped with bright red. **Prices:** Extra Size, 6 to 7 ft., XXX, 30 cents each. Orchard Size, 5 to 6 ft., XX, 25 cents each. Smaller Size, 4 to 5 ft., X, 20 cents each.

**Blenheim Orange.** (WINTER.) An excellent variety both for dessert and culinary uses. Fruit very large, firm, moderately juicy, crisp, mild subacid. Skin deep yellow overspread with bright yellow. Tree large, vigorous and hardy. Season October to mid-winter.

**Sweet Bough.** (SUMMER.) This is a universal favorite for the "home orchard." Fruit large, moderately firm,

crisp, tender, juicy, sweet. Skin smooth, pale greenish yellow, sometimes blushed. Tree vigorous, long lived. Season August to early September.

**Fanny.** (FALL.) A very good dessert apple, resembling the Fameuse. Skin clear; yellow mostly overlaid with bright red, indistinctly striped with carmine. Season September to November or later.

**Wolf River.** (WINTER.) Fruit large, firm, tender, juicy, subacid. Skin pale bright yellow, mottled and blushed with bright deep red with conspicuous splashes and broad stripes of bright carmine. Tree large, vigorous and hardy. Ripens in September, lasts until December.

**Fall Pippin**—(Holland or Pound Pippin)—Very large, roundish-oblong; yellow, tender, rich and delicious; tree a good grower, and regular, abundant bearer. Ripens in October and lasts until December.

**Mammoth Black Twig.** Resembles Winesap, only a little larger. Very profitable market sort. Ripens in December and lasts until April.

**Green's Improved Baldwin.** (WINTER.) Brighter and better in quality than ordinary Baldwin. Tree more vigorous grower. Discovered by C. A. Green.

## Green's Apple Collection No. 1

10 Splendid 6 to 7 Ft. Apple Trees for \$1.75

2 BALDWIN	2 McINTOSH
1 BANANA	2 NORTHERN SPY
1 R. I. GREENING	1 GREEN'S BALDWIN
1 KING OF TOMPKINS COUNTY	

**SPECIAL PRICE \$1.75** (Sold Elsewhere \$5.00)

McINTOSH RED

**McIntosh Red.** (WINTER.) One of the best dessert apples. The flesh is very tender, perfumed and delicious. Fruit large, firm, fine, crisp, tender, very juicy, perfumed, slightly subacid. Skin whitish yellow almost completely covered with bright red and carmine. Tree vigorous and hardy. Ripens in October to December or later. Prices: Extra Size, 6 to 7 feet, XXX, 30c. each; \$2.50 per 10; \$20.00 per 100. Orchard Size, 5 to 6 feet, XX, 25c. each; \$2.00 per 10; \$17.00 per 100. Smaller Size, 4 to 5 feet, X, 20c. each; \$1.50 per 10; \$12.50 per 100.

**Stayman's Winesap.** (WINTER.) (Originated from a seed of the Winesap.) Medium to large; yellow covered with red, fine grained, tender, juicy, subacid. Ripens in December, lasts to May. Prices: Extra Size, 6 to 7 feet, XXX, 30c. each; \$2.50 per 10; \$20.00 per 100. Orchard Size, 5 to 6 feet, XX, 25c. each; \$2.00 per 10; \$17.00 per 100. Smaller Size, 4 to 5 feet, X, 20c. each; \$1.50 per 10; \$12.50 per 100.

**Fameuse.** (SNOW.) (FALL.) The most desirable dessert apple of its season. Bright red, deepening to almost purplish black in highly colored specimens. Ripens in October, lasts to midwinter.

**Wagener.** (WINTER.) This variety is desirable for culinary use, but is equally good for dessert. Its dwarfish habit and early bearing qualities recommend it as a filler. Fruit large, firm, crisp, tender, very

juicy, subacid. Skin bright pinkish red, striped with carmine. Tree large, vigorous and hardy. Ripens in October or November, lasts to February or later.

**Grimes Golden.** (WINTER.) Attractive in form and excellent either for dessert or culinary use. Fruit large, firm, tender, crisp, juicy, rich, aromatic, subacid. Skin clear deep yellow with scattering pale yellow or russet dots. Tree vigorous. Ripens in November, lasts to February.

**Gravenstein.** (FALL.) Orange yellow with stripes of light and dark red; tender, juicy, aromatic, subacid. Good size and attractive appearance. Ripens late in September, lasts to early November. Prices: Extra Size, 6 to 7 feet, XXX, 30c. each; \$2.50 per 10; \$20.00 per 100. Orchard Size, 5 to 6 feet, XX, 25c. each; \$2.00 per 10; \$17.00 per 100. Smaller Size, 4 to 5 feet, X, 20c. each; \$1.50 per 10; \$12.50 per 100.

**Delicious Red.** (WINTER.) This is a medium to large sized apple, conical in shape, skin yellow almost covered with dark brilliant red. The tree is a strong, upright grower, very hardy and a heavy bearer. Fruit hangs well, keeps well, bruises dry up instead of rotting. Prices: Extra Size, 6 to 7 feet, XXX, 30c. each; \$2.50 per 10; \$20.00 per 100. Orchard Size, 5 to 6 feet, XX, 25c. each; \$2.00 per 10; \$17.00 per 100. Smaller Size, 4 to 5 feet, X, 20c. each; \$1.50 per 10; \$12.50 per 100.

WAGENER

WINTER BANANA

**Winter Banana.** (WINTER.) A magnificent dessert apple, which on account of its attractive appearance and fine quality commands a readier sale and higher prices than most apples. Packed in boxes for the fancy trade it is in ready demand. The fruit is large and keeps all winter. Flesh whitish, tinged with pale yellow, firm, crisp, tender, subacid. Skin clear pale yellow with beautiful pinkish red blush. Tree vigorous and hardy. Ripens in December, lasts until April.

This apple sold last winter in Liverpool at \$4.50 per 40-lb. box when other standard apples sold at \$4.70 per 150-lb. bbl. This apple bears every year after two years planted.

10 x 10 ft.....	435	36 x 36 ft.....	33
10 x 12 ft.....	363	40 x 40 ft.....	27

To ascertain the number of plants required for an acre at any given distance, divide 43,560 (the number of sq. ft. in an acre) by the distance between the plants in the row, multiplied by the distance between the rows.

Example: Plants set in rows 4 ft. apart with the plants 2 ft. apart in the rows, gives each plant 8 sq. ft.; 43,560 divided by 8 gives 5445 plants per acre.

Herbert E. Rice.

DUCHESS OF OLDENBURG

**Duchess of Oldenburg.** (FALL). Very valuable because of its great hardiness. Fruit large, firm, crisp, tender, juicy, subacid. Skin pale yellow, striped with red. Tree medium size, vigorous and hardy. Ripens late in August and early in September.

**Yellow Transparent.** (SUMMER). One of the best extra early varieties. Excellent for both culinary use and dessert. Fruit large, crisp, tender, juicy, subacid. Skin yellowish-white. Tree medium size, vigorous and hardy. Ripens late July and August.

**Pound Sweet (Pumpkin Sweet).** (WINTER). By many it is considered the best sweet variety of its season, for baking, canning or stewing with quinces. Fruit very large, crisp, decidedly sweet with a peculiar flavor. Skin clear yellow marbled with greenish-yellow. Tree large, vigorous and hardy. Ripens in October, lasts until January.

**\*Red Astrachan.** (SUMMER). A reliable cropper that comes into bearing young. Fruit medium size, crisp, tender, juicy, subacid. Skin pale yellow striped with deep crimson, covered with a distinct bluish bloom. Tree medium size, vigorous and hardy. Ripens in July, lasts until September.

## Green's Apple Collection No. 3

20 Splendid 4 to 5 Ft. Trees for \$2.00

2 GREEN'S BALDWIN

10 BALDWIN

2 NORTHERN SPY

2 BANANA

2 R. I. GREENING

2 McINTOSH

SPECIAL PRICE \$2.00 (Sold Elsewhere \$4.50)

**Roxbury Russet.** (WINTER). The most popular russet apple. Fruit large, firm, moderately tender, juicy, sprightly, subacid, good. Skin almost smooth but usually covered with greenish to yellowish brown russet. Highly colored specimens develop a bronze blush. Tree medium to large, vigorous and hardy. Season December to May.

**\*Rome Beauty.** (WINTER). A very fine market variety for the northern and western states. Fruit very large, skin yellow, mottled with bright red; in highly colored specimens almost solid red on exposed cheek, striped with bright carmine. Flesh crisp, juicy, agreeable, mild, subacid. Ripens in November, lasts to April or May.

**Transcendent Crab.** (WINTER). This beautiful fruit has for many years been one of the most popular of the Crab Apples. Fruit medium to rather large, roundish to roundish oblong. Flesh yellow, crisp, juicy, subacid, very good for culinary use. Skin thin clear, bright yellow with bright red cheek overspread with bloom. Highly colored specimens are nearly covered with bright red. Tree is a good grower, hardy and usually very productive, yielding good to very heavy crops annually. Ripens in late August, lasts to middle of September.

**Tolman Sweet.** (WINTER). An attractive yellow sweet apple, much esteemed for culinary purposes, as pickling, boiling and baking. Fruit medium size, moderately juicy and decidedly sweet. Skin color pale yellow, sometimes blushed. Tree vigorous, long lived and hardy. Ripens in November, lasts to April.

**King (Tompkins King).** (WINTER). Its size and beautiful red color make it well adapted for marketing in fancy packages, and it usually sells at an advance over general varieties. Fruit very large, rather coarse, crisp, tender, juicy, subacid. Skin fine yellow, mottled and washed with orange red and lively bright red, striped and splashed with bright carmine. Tree vigorous and hardy. Ripens in Oct., lasts to Jan. or later.

TOMPKINS COUNTY KING

WEALTHY—A VERY GOOD PRODUCER

**Wealthy.** (WINTER). This variety is particularly valuable for cold climates because the tree is very hardy and the fruit sells well, and is good in quality for either dessert or culinary uses. It is gaining in popularity each year on account of its beauty and quality. Fruit large, fine, crisp, tender, very juicy, agreeably subacid. Skin pale yellow, blushed and marked with narrow stripes and splashes of red, deepening to brilliant red. Prevailing effect "bright red." Tree medium, upright, spreading, thrifty grower. Ripens in October lasts to January.

**Hubbardston Nonesuch.** (WINTER). Large, striped yellow and red; flesh yellow, juicy and tender, with an agreeable flavor of acidity and sweetness; of the finest quality and very valuable; bears regularly. Ripens in November, keeps until January.

**Hyslop Crab.** (SUMMER). Fruit large, very brilliantly colored, borne in clusters. Fruit yellow, sometimes with tinge of red next the skin, very firm, subacid. Skin clear pale yellow almost completely overspread with lively dark red, shading to deep carmine, covered with thick blue bloom. Tree vigorous, hardy and a reliable cropper. Ripens in late September and October.

### ONE YEAR OLD APPLES BY PARCEL POST

We grow a special grade of small, strong one year old apple trees of the following varieties only, which can be sent by parcel post, postage prepaid, for 10 cents each, 80c. per 10.

#### List of One Year Old Apple Trees

American Blush	Wisner's Dessert
Duchess of Oldenburg	McIntosh
Green's Baldwin	Pound Sweet
Winter Banana	Shiawassee Bty.
	Jonathan

NOTE—We can supply only these 9 varieties in one year old apple trees.

### DWARF APPLES

Dwarf apples commence bearing fruit the second year after planting and as they do not attain as large a size as standard trees, they are especially desirable for village or city gardens. The big advantage of these dwarf trees is that they do not attain a size any greater than peach, plum, etc., and this makes them very desirable for gardens in the city where space is limited. Heretofore city people have been obliged to buy all their apples, because the size of their garden plot would not enable them to plant standard trees on account of the amount of space these standard trees required. These dwarf trees bear when very young and bear very abundantly. There is no question as to the desirability of being able to go out into your own fruit garden and pick fruit from trees of your own growing and eat it when in the freshest condition. These dwarf trees open up a new avenue to the people who have gardens of a limited size.

Duch. of Old.	McIntosh	Wealthy
Fameuse		Yellow Transp.

NOTE—We can supply only these 8 varieties in dwarf apple trees.

ELBERTA PEACHES

## PEACH TREES

**Elberta.** (Freestone)—Ripens here early in September, following closely upon Early Crawford. A beautiful, extra large golden yellow peach, with a brilliant red cheek, firm, juicy, high flavored, rich and sweet. This is the best commercial variety, of which more have been planted and from which more money has been made than any other variety. For years it has been the standard market variety and its place in the estimation of commercial growers would be hard to fill with any other variety, for no other peach has yet been introduced that will fill all the requirements of a commercial peach with such success as the Elberta.

### PRICES EXCEPT WHERE OTHERWISE NOTED

	Each	10	100
Extra Size, 4½ to 6 ft., XXX.....	\$0.25	\$2.00	\$12.00
Orchard Size, 3½ to 5 ft., XX.....	.20	1.50	9.00
Smaller Size, 2 to 3 ft., X.....	.15	1.00	6.00

PARCEL POST—First Class Small Size Trees, not taller than 3 ft., can be sent by parcel post, postage prepaid, for 12 cents each, \$1.00 per 10.

#### Gentlemen:

Glen Rock, N. J., Feb. 24, 1914.

Here is a photograph of my Elberta peach orchard, all of which are Green's trees. Three acres of these trees—about 150 trees to the acre—produced 2700 baskets of Elberta peaches, selling through commission houses for an average of \$1.00 per basket. Our orchard—about 40 acres in all—has been the wonder of the neighborhood, and the vast majority of this fruit has been secured through your Company.

I have been most successful with your Red Cross currants. I have planted them between rows of peaches and they have helped pay the expenses of carrying the peaches to maturity. Yours respectfully, H. W. COBB.

Three Acres—450 Trees—Produced 2,700 Baskets at \$1 per Basket—\$2,700.00, or \$900.00 per Acre

**Hill's Chili.** (Freestone)—Ripens the first of September. A medium-sized, oblong shaped yellow peach. Skin yellow, shaded with dark red; flesh yellow, very rich, juicy and sweet. A good variety for the home garden.

**Mountain Rose.** Large, red, white flesh, juicy and excellent. August. Freestone.

Mr. C. A. Green:

Last Spring, 1913, I bought of your nursery different varieties of peach trees. Although we have had dry weather ever since June, I have only lost two per cent., and am more than pleased with them. Will send for more for spring planting.

KREAMER, Pa., Sept. 17, 1913.

W. J. HEINTZELMAN.

**Golden Drop.** Large, good quality, hardy, profitable market sort. Follows Crawford's Late. Freestone.

**Kalamazoo.** (Freestone)—Ripens the last of August or first of September. Large, golden yellow. A good variety for the home orchard.

**Yellow St. John.**—Large, yellow, with deep red cheek, flesh yellow, sweet, juicy, very good, bears quite young. Ripens before Early Crawford. Freestone.

## Green's Peach Collection No. 1

10 Splendid 4 to 6 ft. Trees for \$1.25

5 ELBERTA

2 CRAWFORD'S EARLY

1 NIAGARA

1 CRAWFORD'S LATE

1 CHAMPION

SPECIAL PRICE \$1.25 (Sold Elsewhere \$2.00)

**Niagara.** (Freestone)—Ripens here September 1st. A new yellow flesh variety of unusually large size and attractive appearance. Fruit a beautiful golden yellow blushed with brilliant red. Resembles the Elberta very much, but is larger in size. It has been thoroughly tested by extensive orchard planting near Rochester, N.Y., and found to be an unusually fine commercial variety. The quality and flavor of this peach are exceptional. The trees are good, strong, vigorous growers and very hardy. The foliage is very tough, being almost the character of leather, and for this reason the Niagara is almost immune to fungus diseases of any kind. It is free from yellows and leaf curl and is a good bearer. Prof. Van Deman says: "I have heard the Niagara peach spoken of in the highest terms. Those who have fruited it are enthusiastic over Niagara peach. I have seen and eaten Niagara. It is of large size, beautiful, and better in quality than Elberta."

	Each	10	100
Extra Size, 4½ to 6 ft., XXX.....	\$0.30	\$2.50	\$15.00
Orchard Size, 3½ to 5 ft., XX.....	.25	2.00	12.00
Smaller Size, 2 to 3 ft., X.....	.20	1.50	9.00

PARCEL POST—First Class, Small Size June budded trees can be sent by parcel post, postage prepaid, for 15 cents each, \$1.20 per 10.

NIAGARA PEACH

NIAGARA PEACH

CRAWFORD'S LATE

**Crawford's Late.** (Freestone)—Ripens here the last of September. One of the best late sorts. Superb in size and shape; splendid yellow with dark red cheeks; flesh deep yellow, juicy and melting, rich, winy flavor. Tree vigorous, hardy, and productive. Does not overbear, no thinning of fruit is necessary with this variety. It always brings the highest prices because it ripens at a time when the early peaches are over. It is eagerly sought by canners. It always reaches the market in good condition as it is an unusually fine keeper and shipper.

**Brackett.** (Freestone)—Nectarine flavored peach, ripening after Elberta. The new peach, is named after Col. G. B. Brackett, Chief of the United States Bureau of Plant Industry. I have written Col. Brackett, U. S. Pomologist, asking for a description of this new peach. The information he sends me as abbreviated is as follows:

Form, roundish. Size, above medium, 3 inches in length, 2 $\frac{3}{4}$  inches cross section. Color yellow with blush, marbled and brokenly striped with crimson. Skin, medium thick, tender. The color of flesh is yellow, stained red at stone. The texture is tender, melting, juicy. It is a freestone. Flavor, subacid. Quality, good to very good. It is apparently a meritorious variety that ought to make a good showing on the market. Its form, size and color are attractive.

The above description is somewhat technical and different from that used in ordinary catalog descriptions. The peach is about the shape and size of Elberta. This makes it a very large peach. The pit is rather small, making the Brackett peach a fat peach with but little waste. I was among the first to learn the value of the Elberta peach and to introduce it widely to the public. It has been my pleasure and good fortune to be the introducer of many valuable new fruits. I am greatly pleased with the thought that I have become interested in this new yellow, red cheeked peach of large size and fine quality. I believe it will be appreciated not only by those who love a fine peach growing upon their own grounds, but those desiring a market peach.

Chas. A. Green.

**Price of Brackett Peach Trees:** Extra size, 40 cents each; Medium size, 35 cents each; Small size, 30 cents each.

**PARCEL POST**—Small Size Trees, not taller than 3 feet, of this variety, can be sent by parcel post, postage prepaid, for 30 cents each.

**Carman.** (Freestone)—Ripens here in August. Large, oblong, pale yellow with deep blush; skin very tough, tender, juicy and fine flavor; very hardy, and a heavy cropper. One of our patrons writes, "This year I received \$1 net per four-basket crate, some of my trees paying \$4 to \$5, second year of bearing. At picking time Carman has never failed to pay more than any other variety we have, bar none. We do not think anyone can go far wrong in planting Carman."

### A GOOD REPUTATION

This is what Chas. A. Green has been working for the past thirty years. When he started this business he found difficulty in selling his trees but as soon as people found that his trees were **TRUE TO NAME** he could hardly grow enough to supply the demand. "We have heard from our friends that you are fair and reliable and we want your trees because they prove **TRUE TO NAME**."

**Smock.** Large size, light orange-yellow, with red cheek; flesh yellow, juicy, rich and free from the stone. October.

**Greensboro.** A good, very early, white-fleshed, red-cheeked peach, hardy, productive and a favorite at Green's Fruit Farm. The largest and most beautifully colored of all the early varieties, ripening in July.

**Crosby.** A fine, handsome yellow peach with remarkably small pit, that bears regular crops north of the peach belt. Quality delicious. Season follows quickly after Early Crawford. Freestone.

**Fitzgerald.** Ripens between Early and Late Crawford. Flesh rich, deep golden yellow. The tree commences bearing young, is productive, and in Canada and Michigan has proved one of the hardiest. Freestone.

**Old Mixon Free.** Large, yellowish-white, with deep red cheek, tender and juicy, very hardy and productive. Middle September.

BRACKETT, THE NEW NECTARINE FLAVORED PEACH

State of New York  
DEPARTMENT OF AGRICULTURE

Certificate of Inspection of Nursery Stock

This is to Certify that the Stock in the nursery of Green's Nursery Co. of Rochester, County of Monroe, State of New York, was duly examined in compliance with the provisions of Section 305 of the Agricultural Law, and was found to be apparently free from any contagious or infectious disease or diseases, or the San Jose Scale or other dangerously injurious insect pest or pests. This certificate expires September 1, 1915.  
Dated, Albany, N. Y.,  
September 1, 1914.

CALVIN J. HUSON,  
Commissioner of Agriculture.

CHAMPION

**Champion.** (Freestone)—Ripens about August 10th. An excellent, showy white peach. Fruit large, creamy-white with beautiful red cheek. Sweet, tender, juicy, of very high quality and a good shipper. Trees are hardy and productive.

**Chairs Choice.** (Freestone)—Ripens about September 10th. Extra large, deep yellow with red cheek, flesh firm, sweetest and richest grapey flavor, a most satisfactory and good all round variety. Trees make strong sturdy growth, and bear big crops.

CHAIRS CHOICE

WE GROW OUR OWN TREES  
ON OUR OWN FARMS

We have received letters from our patrons and prospective patrons, stating that they had been advised by tree agents and others of our competitors that we did not grow any of our trees but bought them of other nurseries. In contradiction of this statement, we want to say, that with the exception of a few varieties, we grow everything we sell, and it is grown on our own farms.

We have three farms southwest of this city. The first one contains 134 acres. The next, contains 70 acres, and the third, contains 100 acres. A short distance west of Rochester, we have four separate small farms totaling in all 50 acres.

We do not grow everything on one farm, because different kinds of trees require different soil. For instance, a peach tree grows best on a light soil and a pear tree on a heavy soil, and we grow only that class of tree on each soil that is best adapted to that particular soil.

On these farms we have houses for 20 families, and the nearest village to one of our farms is made up almost entirely of our employees. We have extensive buildings for storage and other purposes, which we are constantly enlarging to meet our requirements.

So if anybody tries to persuade you that we do not grow our own trees, we would like to have you invite them to visit us, and we will prove to them that we do grow our own trees.

CRAWFORD'S EARLY

**Crawford's Early.** (Freestone).

Last of August or beginning of September. A magnificent large yellow peach of excellent quality. In our estimation the best flavored and best variety for the home garden. Not as good a shipper as Elberta, but better flavored. Most people, when they buy peaches, ask for Crawford's as they know little about any other varieties. The trees are vigorous and productive.

NO ORDER IS TOO SMALL  
FOR OUR ATTENTION

We are just as anxious to serve the patron who orders \$5 or \$10 worth of trees as we are the large fruit grower who orders a thousand dollars' worth.

BARTLETT PEAR

## PEAR TREES

### BOTH STANDARD AND DWARF

Prices of Standard Pears—General Varieties  
(Except Worden-Seckel, which are Five  
Cents per Tree Higher, and Kieffer,  
which are Five Cents per Tree Less)

	Each	10	100
Extra Size, 6 to 7 ft., XXX.....	\$0.35	\$3.00	\$25.00
Orchard Size, 5 to 6 ft., XX.....	.30	2.50	20.00
Smaller Size, 4 to 5 ft., X.....	.20	1.75	12.50

PARCEL POST—First Class Small Size Trees, not taller than 3 ft., can be sent by parcel post, postage prepaid, for 25 cents each, \$2.25 per 10.

(This refers to all varieties except Worden-Seckel, which will cost 5 cents per tree additional, and Kieffer, which are 5 cents per tree less.)

### Prices of Dwarf Pear Trees

	Each	10	100
Extra Size, 3½ to 5 ft., XXX.....	\$0.30	\$2.50	\$18.00
Orchard Size, 3 to 4 ft., XX.....	.25	2.00	13.50
Smaller Size, 2 to 3 ft., X.....	.20	1.50	10.00

PARCEL POST—First Class Small Size Trees can be sent by parcel post, postage prepaid, for 23 cents each, \$2.00 per 10.

**Bartlett.** Standard and Dwarf—It is the most popular pear, both for home use and market, that the world has ever known. It is buttery and melting, with a rich flavor. The tree is vigorous in growth. Many people remove half of the fruit in August, ripening this for market, thus relieving the tree of its strain and securing larger fruit from that which remains on the tree.

It is a leader among canning pears and when well grown is a universal favorite and commands top prices. It will begin to bear in three years and in about seven years will produce a bushel of fruit per tree. Season September.

### NINETY-THREE BARTLETT PEAR TREES PAID FOR TEN ACRE FARM IN TWO YEARS

After standing idle for ten years, this ten-acre farm on which this Bartlett pear orchard is located, was bought for \$1,000.00. The new owner believes in thorough cultivation, spraying and pruning and began work on the orchard at once. A second year later the fruit from the 93 trees in the orchard sold for \$500.00, or one-half the cost of the entire farm. At the distance these trees were set apart, it would require 135 to cover an acre, which makes the income per acre approximately \$750.00. *Two-thirds of an acre of Bartlett pear trees on this ten-acre farm in two years paid for the entire ten acres.*

One of our patrons writes: "My Bartlett pear orchard—all of which are 'GREEN'S TREES'—is the pride of my family and the envy of the neighborhood. I often congratulate myself that I started my orchard right by buying the best trees obtainable and did not make the mistake that some of my neighbors have in trying to make a good pear orchard out of inferior trees. 'Quality First' is certainly the safest policy."

ANJOU—(BEURRE D'ANJOU)

**Anjou.** (Beurre d'Anjou)—Standard and Dwarf—A large, handsome pear, buttery and melting, with sprightly vinous flavor; keeps into mid-winter. Tree a vigorous grower and a good bearer. Many claim that this is the greatest of late autumn pears. It keeps until January with special care. It is beautiful in shape and color. Season October and November.

**Clapp's Favorite.** Standard and Dwarf—A profitable early variety: a prolific and early bearer. This is without doubt the most productive pear in cultivation. Brings big money at Green's Fruit Farm. Season August, earlier than Bartlett.

**Kieffer.** Standard and Dwarf—The Kieffer has many admirers on account of its great productiveness each year, splendid growth and selling well in market. For the home market it will be a favorite for canning. Season October and November.

**Flemish Beauty.** Standard and Dwarf—A large beautiful, melting, sweet pear. Tree very hardy, vigorous and fruitful. Flesh is tender, juicy and highly flavored. Season September and October.

### Green's New Standard Pear Collection

10 of Our Best Trees, 6 to 7 ft. High, for \$2.25

5 BARTLETT	1 CLAPP'S FAVORITE
1 BEURRE d'ANJOU	1 KIEFFER
2 SECKEL	

SPECIAL PRICE \$2.25 (Sold Elsewhere \$4.00)

**Seckel.** Standard and Dwarf—Small size, yellowish-russet with a red cheek. Flesh whitish, buttery, very juicy and melting with a peculiarly rich, spicy flavor and aroma. Season September and October.

### Green's Dwarf Pear Collection No. 1

10 Splendid 3½ to 5 ft. Dwarf Trees for \$2.00

1 ANJOU	4 DUCHESS
2 BARTLETT	1 KIEFFER
1 CLAPP'S FAVORITE	1 SECKEL

SPECIAL PRICE \$2.00 (Sold Elsewhere \$3.50)

**Wilder Early.** Standard and Dwarf—Pleases all because beautiful, red and yellow. It is a good grower and produces a crop early. Season early August.

**Sheldon.** Standard Only—A better autumn pear does not exist. First quality; large, round, russet and red, melting, rich and delicious. As a standard should be more largely planted. Season October and November.

**Worden-Seckel.** Standard and Dwarf—This beautiful and delicious pear attracted wide attention when introduced recently. In quality it is rated very high. In size it is much larger than Seckel. It is shaped like Bartlett but is not so large as Bartlett. Season October.

**Koonce.** Standard and Dwarf—Medium, yellow with carmine cheek, free from blight; fine flavor, good grower, and hardy. July.

**Louise Bonne.** Standard and Dwarf—Large, oblong, pale green in the shade, but over-spread with brownish red in the sun; very juicy and melting, with a rich, excellent flavor. September and October.

**Vermont Beauty.** Standard and Dwarf—Originated in northern Vermont. Medium; flesh melting, sprightly and of best quality; hardy and very productive. October to November.

SECKEL PEAR—VERY PROLIFIC

DUCHESS DWARF PEAR TREE

**Duchess Pear.** (Duchess d'Angouleme) — Standard and Dwarf— The Duchess dwarf pear trees give uniformly large crops of pears of marvelous size and good quality. What the Bartlett pear is as a standard, the Duchess pear is as a dwarf. The fruit is prized as a dessert fruit or for cooking. Season, October and November.

**Gans Early**—Standard and Dwarf—a fine new early pear, ripening just after Tyson and a week to ten days before Bartlett. It is large and handsome, pyriform in shape, color yellow, with slightly brownish cheek. Flesh fine grained, melting, very juicy, sweet, sugary, quality very good. It shows no tendency to rot at the core. Tree a vigorous grower. Season Sept.

**Lawrence.** Late Winter Pear—Standard and Dwarf—Size medium to large, obovate, golden yellow, flesh melting, with a pleasant aromatic flavor. Tree a moderate grower and abundant bearer. Season Midwinter.

### WOULD NOT TAKE \$1000 FOR HIS DWARF PEAR HEDGE

SANTA FE, New Mexico, Oct. 20, 1913.

Dear Mr. Green:

I accepted your advice twelve years ago and planted a hedge of dwarf pear trees around my garden. They have lived and have been bearing fruit abundantly every year. I would not take \$1,000 for these 120 dwarf pear trees, planted on either side for sunshine and ventilation.

CHAS. A. SIRINGO.

## THE DWARF PEAR HEDGE

PLENTY OF FRUIT—SMALL  
COST—TAKES UP LITTLE  
ROOM

Our C. A. Green has discovered the dwarf pear hedge. He found it by noticing that dwarf pear trees in the nursery row, standing three feet apart, bore beautiful specimens of pears bountifully for many years. Mr. Green planted twelve years ago a row of dwarf pear trees, each three feet apart, running across the center of his vegetable garden. These little pear trees have thrived amazingly and have borne bountiful crops each year, and in blossom and fruit have attracted wide attention. For such a hedge C. A. Green advises the following varieties of dwarf pears:

Duchess	Seckel
Clapp's Favorite	Anjou
Bartlett	Gans.

DWARF PEAR TREE HEDGE

LOMBARD PLUMS

## PLUM TREES

### TWO TO THREE YEAR PLUMS

#### Prices of Two to Three Year Old Plum Trees

	Each	10	100
Extra Size, 6 to 7 ft., XXX.....	\$0.35	\$3.00	\$25.00
Orchard Size, 5 to 6 ft., XX.....	.30	2.50	20.00
Smaller Size, 4 to 5 ft., X.....	.20	1.50	12.50

PARCEL POST—First Class Small Size Trees, not taller than 3 ft., can be sent by parcel post, postage prepaid, for 25 cents each, \$2.25 per 10.

**Lombard Plum** Lombard is a great favorite. The tree adapts itself to any locality it is extremely hardy, producing good crops where many other varieties will not grow; it is a strong growing tree and exceedingly productive. It is a handsome reddish plum, flesh yellow, juicy and pleasant. An excellent variety, and should be planted in all gardens and orchards.

**Gueii.** (Blue Magnum Bonum) This is one of the newer varieties originating in New York State. Season of ripening rather late. The color is dark purple. The flesh is firm, sub-acid and agreeable. Size large. It would be difficult to select a larger or more attractive plum for the garden or orchard than this. September.

**Wickson.** (Japan) Fruit remarkably handsome, very large, long, heart shaped, color deep maroon red, covered with white bloom; flesh firm and meaty, yellow, rich and aromatic; cling, pit small. Tree an upright vigorous grower. Excellent keeper and shipper, is being planted largely for market. Early September.

**Reine Claude.** (Bavay's Green Gage) Very large, greenish, fine flavor. Not surpassed in quality, beauty or size. September.

**Burbank.** Unsurpassed for beauty and productiveness, as well as great hardiness of tree. Fruit large, oval, often with a slight neck; skin reddish purple; flesh yellow, juicy and good. Its beauty and value as a market variety is unsurpassed. Several years' trial has proved it to be hardy in almost the entire United States. They bear abundantly at an early age. The fruit is exceedingly beautiful, of fair quality, and is especially desirable for canning. The Japan plums do not rot so easily at Green's fruit farm as the other varieties. It ripens in midseason.

**Shropshire Damson.** This variety is a universal favorite because it is enormously productive. The fruit is of good size and while in no sense a dessert plum may be eaten out of the hand with relish when fully ripe or after a light frost. The trees are very vigorous, hardy and healthy. This old variety is one of the best of its kind for culinary purposes, and we highly recommend it for both home and market. Season of ripening late and long.

**Bradshaw.** A very large and fine early plum, dark violet red, juicy and good. Trees erect, very hardy, and vigorous; very productive; valuable for market. The quality is excellent, and it is destined to become one of the most popular of all plums for canning, while its attractive color, good quality and shipping properties will cause it to be sought for as a market variety. It ripens ten days to two weeks later than Abundance.

GREEN'S NURSERY CO.,  
Rochester, N. Y.

Nov. 26, 1913.

About 15 years ago I purchased from your nursery 500 apple trees, which I am pleased to say have all lived and were true to name, and this year the apples were sold on the trees for practically a thousand dollars.

R. W. PILLSBURY,  
Manchester, N. H.

BURBANK

**York State.** It is one of the largest, best in quality and most productive of all prunes or plums. Size large; color dark blue, covered with purple blush; flesh yellow and delicious; freestone, ripening the last week in September, at Rochester, N. Y. York State Prune is a vigorous grower, and is healthy and hardy here at Rochester. It is prune shaped, good size and a splendid seller.

**German Prune.** Medium, oval, purple or blue, juicy, rich, fine. Tree vigorous and very productive; one of the best. September. Sells for higher prices in market on account of high quality. A leading favorite.

**Red June.** A vigorous, hardy, upright spreading tree, as productive as Abundance; fruit medium to large, deep vermilion-red, with handsome bloom, very showy; flesh light lemon-yellow, slightly sub-acid, of good and pleasant quality; half cling; pit small. Of immense value for its very early ripening. It is best in quality of any of the early Japanese varieties and is exceptionally free from rot.

**Shipper's Pride.** Large, dark purple, very showy, often measuring two inches in diameter; fine, juicy and sweet. A beautiful and valuable variety. September.

**Niagara.** This is a very early plum, and valuable for this reason. It is red, large size, making an attractive appearance in market, and possesses good shipping qualities. It bears enormous crops of fruit with great regularity.

**Abundance.** Fruit large, showy, beautiful. Amber, turning to a rich, bright cherry color, with a decided

YORK STATE PRUNE

The large white object in the tray is an egg. This shows the unusually large size of this variety of prune.

white bloom, and highly perfumed. Flesh light yellow, exceedingly juicy and tender, of a delicious sweetness, impossible to describe. Stone small and parts readily from flesh. For canning it is of greatest excellence. Its season is very early, ripening in advance of other plums, thus adding to its special value.

The editor of the *Rural New Yorker* writes: "From one little Abundance tree, we picked ten pecks of fruit. The quality is excellent. When fully ripe, they are full of juice. The flesh is tender, and there is mingled with the plum a peach flavor that is refreshing and agreeable."

2 BURBANK

1 BRADSHAW

1 YORK STATE PRUNE

SPECIAL PRICE \$1.25 (Sold Elsewhere \$2.50)

**Climax.** Its extreme earliness, immense size, high color, delicious flavor and fragrance place it in the lead among early shipping plums. Fruit heart-shaped; color deep, dark red; flesh yellow. Tree vigorous and remarkably productive.

**Monarch.** Very large, roundish-oval, dark purplish-blue, perfect freestone, robust, dense foliage, prolific. October.

Traverse City, Mich.

Gentlemen:

Here is a photograph of my Montmorency Cherry orchard. I bought the trees from you and 299 out of 300 are alive and every one of them "True to Name." They have a good crop on this year.

Yours respectfully, CHAS. SANDS.

AN ORCHARD OF MONTMORENCIES, THE BEST COMMERCIAL CHERRY

## CHERRY TREES

### TWO YEAR OLD CHERRIES

#### Prices of Red, Acid or Sour Varieties:

	Each	10	100
Extra Size, 6 to 7 ft., XXX.....	\$0.35	\$3.00	\$25.00
Orchard Size, 5 to 6 ft., XX.....	.30	2.50	20.00
Smaller Size, 4 to 5 ft., X.....	.25	2.00	15.00

PARCEL POST—The First-Class Small Size Trees, not taller than 3 ft., can be sent by parcel post, postage prepaid, for 25 cents each, \$2.25 per 10.

#### RED ACID OR SOUR VARIETIES.

**Montmorency.** "King" of all cherries. It is hardy, reliable and productive. In great demand by canning factories. More money has been made with it than with any other variety. Large, bright shining red, acid, midseason. June.

**Early Richmond.** This fruit does not rot upon the trees and can be left without picking longer than most varieties. Unsurpassed for hardness and cooking purposes, a great bearer. June.

**Dyehouse.** Unquestionably the earliest cherry. For tarts, pies, and canning, it has no superior. June.

**English Morello.** One of the few varieties that seems to succeed well with neglect. Fruit dark red, quality good, rich acid flavor, late.

ENGLISH MORELLO

#### Prices of Black, Red and White Sweet Varieties:

	Each	10
Extra Size, 6 to 7 ft., XXX.....	\$0.40	\$3.50

PARCEL POST—We have no *two year old* sweet cherries that can be sent by parcel post. (See 1 Yr. Sweet by mail.)

#### BLACK AND RED SWEET VARIETIES

**Bing Cherry.** Very large size, almost black in color when ripe, of fine quality, very productive, a good shipper.

**Lambert Cherry.** (New)—One of the largest of all sweet cherries. Color dark red; flesh solid; an excellent shipper.

**Napoleon Bigarreau.** (Royal Ann)—Skin pale yellow, richly dotted with deep red. June.

**Governor Wood.** A rich and delicious large red cherry that hangs well on the tree. Very popular. June.

**Green's Black Tartarian Cherry.** Fruit of the largest size; flesh dark, half tender, with a peculiar liver-like consistency. July.

Extra Size, 4 to 5 ft., XXX	\$0.40	\$3.50
Orchard Size, 3 to 4 ft., XX	.35	3.00
Smaller Size, 2 to 3 ft., X	.30	2.50

PARCEL POST—First Class 2 to 3 feet trees can be sent by parcel post, postage prepaid, for 23 cents each, \$2.00 per 10.

**Meech's Prolific.** Pale, bright orange, with a thin fuzz, fruit large and in shape ranges from nearly apple shape to short pear shape somewhat furrowed at the top. Very fragrant, good flavor. Bears young. Midseason.

**Champion.** Fruit very large, fair and handsome, surpassing other varieties in this respect; bears abundantly while young; flesh cooks as tender as an apple and without hard spots or cores; flavor delicate, imparting an exquisite quince taste and odor to any fruit with which it is cooked, and most excellent for making preserves, jellies, marmalades, etc. The trees are vigorous growers and bear heavy crops of superior fruit. Season late.

### Green's Quince Collection No. 1

6 Splendid 3 to 4 ft. Trees for \$1.60

3 ORANGE 2 CHAMPION  
1 MEECH'S PROLIFIC

SPECIAL PRICE \$1.60 (Sold Elsewhere \$2.50)

Dec. 1, 1913.

C. A. GREEN:

The 300 pear trees that I had of you last spring arrived in fine condition after their long journey. Set them out and pruned them back to three and four branches and cut the branches back to form buds. Every tree lived and some of them have grown three feet. The 500 currants all lived but three, and have made a growth of about 30 inches. Ten of the Sweetheart Strawberries lived and I shall have quite a lot of new plants from them.

Thanking you again for the good stock you sent me,

C. E. LUDDEN,

Arletta, Wash.

Green's Nursery Co:—

CRESTLINE, Ohio, May 12, 1913.

The nursery stock I ordered of you arrived today, excellently packed, in good healthy condition, and as clean, smooth, thrifty and fine a lot as I ever bought. I have learned in the past two years dealings with your nursery that Green's Quality means the best that can be bought. You get my trade from now on, and I will recommend your stock to all my friends. Many thanks for the premium you included with my order and the fair and honest consideration you have accorded my patronage.

ROBERT L. MCCALLISTER.

**Green's Orange Quince.** Sometimes called Apple Quince. Large, roundish, bright golden yellow, cooks tender and is of very excellent flavor. Valuable for preserves or flavoring, very productive, the most popular and extensively cultivated of the old varieties. The surface only moderately fuzzy. Good for home use and for market. It is so late in blossoming that there is no danger from frost. Season September and October.

CHAMPION QUINCE—WELL LOADED

## NUT TREES

GREEN'S HARDY ENGLISH WALNUT

**Green's Hardy English Walnut.** This is an exceptionally hardy strain of the English or Persian Walnut, grown from nuts secured in a grove of walnut trees near Rochester, N. Y. Trees grown in this cold northern climate, and are perfectly hardy. Price, 4 to 5 feet, \$1.00 each; 3 to 4 feet, 75c. each; 2 to 3 feet, 50c. each. Small trees by mail, post paid, 75c. each.

**American Sweet Chestnut.** By far the most popular variety of chestnut. Price, 3 to 4 feet, 40c. each, \$3.50 per 10; 2 to 3 feet, 30c. each, \$2.50 per 10.

**Black Walnut.** The common, well-known Black Walnut, the wood of which is most beautiful and valuable. Price, 5 to 6 feet, 50c. each; 4 to 5 feet, 35c. each.

**Butternut.** A fine native tree producing a large longish nut which is prized for its sweet, oily, nutritious kernel. Price, 4 to 5 feet, 35c. each, \$3.00 per 10.

**Hazelnut.** (Filbert)—This is the sort usually sold in the fruit stores. Price, 25c. each, \$2.00 per 10.

**Pecans.** This nut is very productive and delicious. Price, 2 to 3 feet, 35c. each, \$3.00 per 10; 18 to 24 inches, 25c. each, \$2.00 per 10.

**Japan Walnut.** (Sieboldi)—Perfectly hardy, rapid grower, handsome form, immense leaves. Bears young and abundantly. Price, 4 to 5 feet, 50c. each.

**PARCEL POST**—We will send strong trees of the above varieties of nuts by parcel post, postage prepaid, for 25 cents each, \$2.25 per 10.

Green's Nursery Co.:

We have bought our fruit trees and berry bushes from you for over 20 years. Everything we ever bought from you has been bearing first class fruit ever since. We never had one of your trees die. Walter D. Faulk, Bellevue, Pa.

December 27, 1913.

## GOOSEBERRY BUSHES

**Downing Gooseberry.** It is the largest and best of all varieties. Its value lies in its large size, fine quality, beautiful appearance, vigorous growth, and freedom from mildew. It is recommended as proof against mildew. Free from spines, of a transparent color, tending to yellow; bush upright, keeping the fruit from the sand. Enormously productive and unsurpassed for canning. It is easily harvested by stripping the branches with a gloved hand, enabling the picker to gather many bushels in a day. The winnowing of leaves is done by an ordinary fanning mill, the same as beans. They can be shipped from Maine to California like marbles.—C. A. Green. Price, 2-year-old bushes, first-class, 12c. each, \$1.00 per 10, \$7.00 per 100. 1-year, strong, well-rooted, 10c. each, 80c. per 10, \$5.00 per 100.

**Red Jacket.** An American seedling of large size, smooth, prolific and hardy, of best quality. So far the most free from mildew, both in leaf and fruit, of them all. A wonderful cropper. Price, 2-year, 15c. each, \$1.20 per 10, \$10.00 per 100.

**Chautauqua Gooseberry.** Very large, one of the best. Superior quality and very productive. Price, 25c. each, \$2.25 per 10.

**Industry.** Large red. Price, 25c. each, \$2.25 per 10.

**PARCEL POST**—Gooseberry bushes can be sent by parcel post, postage prepaid, for 2 cents per bush extra.

DOWNING GOOSEBERRY—THE LARGEST AND BEST

## GRAPE VINES

**Niagara.** (White).—Bunch very large and handsome, often shouldered, compact; berries large, round; skin thin, tough, does not crack and carries well; has not much pulp when fully ripe, melting sweet. Prices of 2-year old vines, 10c. each, 80c. per 10, \$5.00 per 100, \$35.00 per 1000.

**Concord.** (Black).—Bunch large, shouldered, compact, berries large, covered with a rich bloom; skin tender, but sufficiently firm to carry well to distant markets; flesh juicy, sweet pulp, tender; vine a strong grower, very hardy, healthy, and productive. Prices of 2-year old vines, 10c. each, 80c. per 10, \$5.00 per 100, \$35.00 per 1000.

**Moore's Early.**—Clusters of medium size; berries large, black. Prices, 2 years, 15c. each, \$1.25 per 10, \$7.00 per 100.

**Carman.**—Berries small in size, dark purplish black. Prices, strong 2-year vines, 15c. each, \$1.25 per 10, \$7.50 per 100, \$60.00 per 1000.

**Campbell's Early.** (Black).—Bunch and berry large, glossy black, early and a great bearer. Prices, strong 2-year vines, 25c. each, \$2.25 per 10, \$20.00 per 100.

**Delaware.** (Red).—Bunches small, compact; berries rather small; exceedingly sweet, spicy and delicious flavor. Prices, strong 2-year vines, 15c. each \$1.25 per 10, \$7.50 per 100, \$60.00 per 1000.

**Brighton.** (Red).—Large, compact bunches, delicate skin, tender. Prices, strong 2-year vines, 15c. each, \$1.25 per 10, \$7.50 per 100, \$60.00 per 1000.

**REGAL.** (Red).—If you want the longest keeping grape, one that you can eat during fall and winter months, plant the Regal. It is of superior quality and flavor. Owing to its tough skin and persistent nature, it is an exceptionally good shipper. Prices of 2-year-old vines, 15 cents each, \$1.25 per 10.

**PARCEL POST.**—Grapes can be sent by Parcel Post, postage prepaid, for 2 cents per vine extra.

### Green's Grape Collection No. 1

10 Splendid Two-Year-Old Vines for 98 Cents

1 DELAWARE—PINK 1 MOORE'S EARLY—BLACK  
3 CONCORD—BLACK 3 NIAGARA—WHITE  
2 WORDEN—PURPLE

SPECIAL PRICE 98c. (Sold Elsewhere \$1.80)

**Worden.** For home use I know of no grape of greater value. It is an enormous cropper. Worden is ripe and gone before Concord comes in. It is an early black grape. Prices of strong 2-year old vines, 10c. each, 80c. per 10, \$5.00 per 100, \$35.00 per 1000.

**Diamond.** (White).—Very prolific in bearing; cluster large and handsome. Prices, strong 2-year vines, 15c. each, \$1.25 per 10, \$10.00 per 100.

Effingham, Ill., Oct. 19, 1914.

Green's Nursery Co.:

My bill of 36 cherry and plum trees came all right. I have been buying nothing but Green's trees for several years and am advising all my friends to do the same. I find your trees true to name, high grade stock, and cheaper than I can buy elsewhere.

A. D. McCallen.

Mr. C. A. Green:

Asbury, N. J., April 29, 1914.

I am inclosing another order for your very excellent nursery stock. I have recommended your Company to my neighbors and have ordered stock for them because I am sure of their receiving something a little better than they expect.

Wishing you the continued success you rightly merit,

J. A. Wolverton.

RED CROSS—SWEETEST CURRANT EVER PRODUCED

## CURRANT BUSHES

**Red Cross.** It is the sweetest currant ever produced. It is natural to connect sourness with all red currants, since, as a rule, red currants are exceedingly acid, but Red Cross currant is an exception to the ordinary rule, being the sweetest currant ever produced. I know of no more appetizing or healthful dish than a dish of Red Cross currants at the table to be eaten the same as strawberries, or other sweet fruit. This qualification of sweetness and palatableness has not been properly emphasized. In making currant jellies, or in preparing currants in other ways, remember the Red Cross currant requires only half the sugar that many other currants require owing to its natural sweetness and fine flavor.

Prof. Maynard of Amherst College, Mass., says Red Cross currant averages larger than Fay's Prolific, and is more vigorous. Jacob Moore, the originator, to whom we paid \$1,250.00, says it is twice as large as Victoria, will yield twice as much as Cherry, and is of better quality than any of the older varieties. Green's receipts from one-half acre Red Cross in 1903, \$537.00; 1904, \$482.88.

**Prices,** extra large, 2-year old bushes, 10c. each, 50c. per 10, \$4.00 per 100, \$35.00 per 1,000. Strong 2-year No. 2 bushes, 8c. each, 40c. per 10, \$3.00 per 100, \$25.00 per 1,000.

**Fay's Prolific.** Of large size, fine flavor, red in color. Universally recommended by those who have had experience with it. **Prices,** strong 2-year old, No. 1 bushes, 60c. per 10, \$5.00 per 100, \$45.00 per 1,000. Strong 2-year old No. 2 bushes, 50c. per 10, \$4.00 per 100, \$35.00 per 1,000.

**Wilder.** One of the strongest growers and most productive. Bunch and berries very large, bright, attractive red color. Ripens at the same time as Fay's. **Prices,** strong 2-year old No. 1 bushes, 60c. per 10, \$5.00 per 100, \$40.00 per 1,000. Strong 2-year old No. 2 bushes 50c. per 10, \$4.00 per 100, \$30.00 per 1,000.

**White Grape Currant.** This is the best of all white currants. **Prices** of White Grape, strong, 2-year old No. 1 bushes, 60c. per 10, \$5.00 per 100, \$45.00 per 1,000. Strong 2-year No. 2 bushes, 50c. per 10, \$4.00 per 100.

**Black Champion.** One of the best black currants yet introduced; excellent quality and flavor. **Prices** of Black Champion, strong 2-year old No. 1 bushes, 75c. per 10, \$6.00 per 100, \$50.00 per 1,000.

**Perfection Currant.** It is an upright, strong grower, thickly covered with clusters of large fruit. **New Prices,** 20c. each, \$1.50 per 10.

**PARCEL POST.**—Currants can be sent by Parcel post, postage prepaid, for 1 cent per bush extra.

DIPLOMA:—RECEIVED WORLD'S FAIR DIPLOMA AS BEST AND LARGEST CURRANT.

**Diploma Currant.** (Received World's Fair Diploma)—The best and largest of all currants. Very vigorous grower and most productive red currant. Season medium late.—C. A. Green.

W. C. Barry says: Diploma currant is large, solid and of good quality. It will be valuable for its size and solidity.

Prof. H. E. Van Deman says: Diploma currant was exhibited by Jacob Moore at the Pan-American, 1901. I was a judge of the first exhibit there. It was my duty and pleasure to examine carefully five baskets of this currant, sent at different dates for a month, some on branches as grown. Diploma currant is of attractive appearance, both clusters and berries being very large. The quality is good. It is a currant of unusual promise.

The proprietor of a fruit store in McKeesport, Pa., wired our fruit farm: "Saw your Diploma currants in Pittsburgh. Can handle thirty crates daily as long as season lasts. The currants are immense. Answer."

**Prices,** extra large, 2-year old bushes, 10c each, 60c. per 10, \$5.00 per 100, \$40.00 per 1,000. Strong 2-year No. 2, 8c. each, 50c. per 10, \$4.00 per 100, \$30.00 per 1,000.

Green's Nursery Co., Rochester, N. Y.:

I have been very successful with currant bushes purchased of you from time to time. I have planted them between the rows of trees in my orchards and they have helped pay the expense of bringing my trees to maturity.

H. W. Cobb, Glen Rock, N. J.

# BLACKBERRY BUSHES

BLOWERS—MAMMOTH BLACKBERRY

**Blowers.** "The Giant of All Blackberries"—A large, clean, bright berry of exceptionally good quality, with no perceptible core when fully developed. The fruit is exceedingly sweet, the flavor is pleasant without being peculiar. This is a first-class shipper, standing up well in the market for several days. The season of ripening is from the middle of July until frost, with the bulk of the crop maturing in the month of August. It is a hardy variety. It has endured 20 degrees below zero. The bushes are upright growers, are very hardy and enormously productive. One single plant has the record of producing 2,600 berries. One of our patrons writes that his plantation of Blowers blackberries averaged over \$300.00 per acre. Price, 50c. per 10, \$2.00 per 100, \$15.00 per 1,000.

**Eldorado Blackberry.** This variety has never winter killed or failed to produce a full crop of the finest fruit. The vines are very vigorous and hardy. Berries are very large, jet black, borne in large clusters, and ripen well together; are very sweet, melting, pleasing to the taste, have no hard core, and keep eight to ten days.—C. A. GREEN. Prices: 60c. per 10; \$3.00 per 100; \$20.00 per 1,000.

**Snyder Blackberry.** This popular, hardy and profitable blackberry is known everywhere and planted largely. Where other varieties have entirely failed, it proved itself entirely hardy. It is also grown in localities where hardness is not the first consideration, because of its productiveness and general adaptability to all localities. It is the blackberry for every fruit grower desiring to make a start in blackberries, who has not the means to buy the high priced varieties. Keep the soil rich with barnyard manure and wood ashes and no one will complain of the size of the Snyder. We have grown it for twenty years and shall continue to plant it, as it gives a good picking where many other varieties have failed. This is the standard early sort for the North and Northwest, and is very popular. This was the first of the hardy kinds that made a sensation over the country. With good culture it is large enough to satisfy all. The severest frost does not bite it. Season early; oblong oval in form; quality good. Prices: 50c. per 10; \$2.00 per 100; \$15.00 per 1,000.

## Green's Bush Fruit Collection

80 First-Class Strong Bushes for \$3.50

- 10 RED CROSS CURRANTS—RED
- 10 DIPLOMA CURRANTS—RED
- 10 HERBERT RASPBERRY—RED
- 10 COLUMBIAN RASPBERRY—PURPLE
- 10 PLUM FARMER RASPBERRY—BLACK
- 10 BLOWERS BLACKBERRY
- 10 DOWNING GOOSEBERRIES
- 5 WHITE GRAPE CURRANTS—WHITE
- 5 BLACK CHAMPION CURRANTS—BLK.

SPECIAL PRICE \$3.50 (Sold Elsewhere \$7.00)

LIGONIER, IND., Jan. 20, 1914.

Dear Friend Green:

We are already enjoying the fruits of trees ordered from Green's Nursery. Whenever fruit tree agents come along soliciting orders for trees, we answer, "We buy our trees of Charles A. Green of Rochester, N. Y.," and they always reply, "You are patronizing a good firm."

John A. Smith.

PARCEL POST—Blackberries can be sent by parcel post, postage prepaid, for one-half cent per bush extra.

# RASPBERRY BUSHES

**Cuthbert Red.** Large, Productive, Attractive. It yields bountifully of large and beautiful bright red berries, which are easily picked and command good prices. Prices, 50c. per 10, \$2.00 per 100, \$15.00 per 1000.

**Syracuse Red.** This is the largest and most productive of all red raspberries. It is very hardy, never requiring protection at Rochester, N. Y. It is also a vigorous grower and continues to fruit during six weeks of summer, from July first to the middle of August. Prices, 20c. for each strong well rooted plant, or \$1.50 for 10 plants, \$10 per 100.

**Columbian.** A strong grower, unexcelled for productiveness and desirable for canning. At Green's Fruit Farm nine rows, 150 feet long, yielded 66 bushels. Prices, 50c. per 10, \$2.00 per 100, \$15.00 per 1000. Color reddish purple.

**Plum Farmer.** Black—It ripens early and quickly. The fruit is of enormously large size often measuring an inch in diameter. It sells at the highest price. Prices, 50c. per 10, \$2.00 per 100, \$15.00 per 1000.

**Kansas Black Raspberry.** Is of the largest size, vigorous, healthy and productive. Fruit is large and excellent in quality. We have fruited it several seasons and find it an excellent variety. Prices, 50c. per 10, \$2.00 per 100, \$15.00 per 1000.

**Herbert.** This is a new red raspberry which originated in Canada and is very highly recommended by the Government Experiment Station at Ottawa on account of its unusual hardiness. Prices, 60c. per 10, \$4.00 per 100, \$25.00 per 1000.

**Cumberland.** Fruit very large, firm, keeps and ships as well as any of the blacks. Mid-season. Prices, 50c. per 10, \$2.00 per 100, \$15.00 per 1000.

**Ruby Red Raspberry.** A large and productive variety which we have been testing for several years. The fruit stands up well in the box and is very showy. Prices, 50c. per 10, \$2.00 per 100.

PARCEL POST—Raspberries can be sent by parcel post, postage prepaid, for one cent per bush extra.

## GARDEN ROOTS

**Palmetto Asparagus.** This is a large growing variety particularly delicious in quality. No home garden can be complete without it. Asparagus is one of the greatest garden delicacies, coming in at a season when there is no competitor. When once planted this will continue to produce abundantly for life. The plants late in the season are objects of great beauty, and are worth growing for their beauty. Palmetto Asparagus is valuable for its health-giving properties. It is also appetizing, and is a rare delicacy for any table. Prices of Palmetto Asparagus, strong 2-year plants, 25c. per 10, \$1.00 per 100, \$6.00 per 1,000.

**Conover's Colossal Asparagus.** No vegetable that is so attractive to the delicate appetite of the epicure as the first delicious cuttings of this early asparagus. No vegetable is more beneficial as an appetizer to persons of sedentary habits. It is difficult to account for its cultivation being neglected. In country gardens it is rarely to be found, although so healthful and nutritious; yet everyone should have an asparagus bed. This good old variety is known everywhere; is of large size, rapid in growth and of good quality. Prices, large 2 year plants, 25c. per 10, \$1.00 per 100, \$6.00 per 1,000.

**Genesee Asparagus (New).** A large, tender and delicious variety. A rapid grower and desirable in every respect. Offered by us now for the first time. Prices, 30c. per 10, \$1.00 per 100, \$6.00 per 1,000.

**Horse Radish.** Will stand a great deal of hardship and persist in soil year after year. Plant in deep, rich, cool soil. The yield will vary according to the soil and treatment. As high as ten tons have been secured from an acre. Prices, strong Sets, 25c. per 10, \$1.00 per 100, \$7.50 per 1,000.

**Sage.**—(Holt's Mammoth)—Large bushy plants that have been grown in the nursery row. Prices, 10c. each, 80c. per 10.

**Linnaeus Rhubarb.** We have millions of well-rooted Rhubarb plants for sale. When spring opens, the human system needs an acid. Fruits have not yet supplied these acids, therefore rhubarb, or pieplant, is the only source. Those who eat pieplant pie and sauce freely are greatly benefited. Do you realize what excellent sauce can be made of rhubarb? Set 12 to 18 inches apart in the row. For ornament alone it pays to plant it. This is the best variety. Prices of strong Pieplant roots, lower than ever before, 5c. each, 50c. per 10, \$3.00 per 100, \$20.00 per 1,000.

PARCEL POST—Asparagus Plants, Horse Radish and Sage can be sent by parcel post, postage prepaid, for 5 cents per 10 extra.

Rhubarb roots can be sent by parcel post, postage prepaid, for 3 cents extra per root.

PALMETTO ASPARAGUS

SWEETHEART STRAWBERRY—BEST AND MOST PRODUCTIVE  
BERRY ON EARTH—C. A. GREEN'S FAVORITE

## STRAWBERRY PLANTS

**Sweetheart.** It is of beautiful, bright carmine red, as handsome in color as the most beautiful rose. It is solid in flesh and a long keeper. It is the best keeping berry I have ever seen and must become a good shipper on account of its firmness of flesh and ability to stand up under hard usage. It is the earliest berry to ripen at Green's Fruit Farm, being earlier than Senator Dunlap. Prices, 50c. per 10, \$3.00 per 100.

**Brandywine.** A very late and firm berry, a good shipper; good canner; a good all around strawberry. This strawberry is being largely planted. In plant it is a luxuriant grower, healthy and very productive; blossom perfect, fruit large, of good form, bright red all over, and good quality. Prices of Brandywine, layer plants, 25c. per 10, \$1.00 per 100, \$7.00 per 1000.

**Bissel Strawberry.** (Pistillate).—This is a new variety which has been carefully tested at Green's Fruit Farm. It is a vigorous grower and marvelously productive. When I first saw it I considered it the most productive variety I had ever seen. It must be planted near a row of another variety that is perfect in blossom or it will not yield its full average crop, though even then it will bear fruit. Price of Bissel, layer plants, 25c. per 10, \$1.00 per 100, \$7.00 per 1000.

**Senator Dunlap.** At Green's Fruit Farm it has no superior as an early variety. A heavy cropper of best quality berries with clean, healthy foliage which has no tendency to rust. Berries are very large. In color, they are glossy crimson, with the meat firm and solid, deep crimson throughout, and good in quality. Prices of Senator Dunlap, layer plants, 25c. per 10, \$1.00 per 100, \$7.00 per 1000.

**Corsican.** Biggest berry on earth.—This is C. A. Green's favorite strawberry. It is the biggest, the brightest and best in color; a great yielder and producer. The foliage is exceedingly vigorous and leathery, resisting fungus, drought, weeds, and even neglect of cultivation. Prices of Corsican, layer plants, 25c. per 10, \$1.00 per 100, \$7.00 per 1000.

**IMPORTANT.**—Strawberries are too perishable to ship by freight, so if you wish your trees sent by freight and your order calls for some strawberries, please include 20c. extra for each 100 plants ordered and we will send to you by parcel post, postage prepaid.

**PARCEL POST.**—Strawberry plants can be sent by Parcel Post, prepaid, for one-fourth of a cent per plant.

NORWAY MAPLE

LOMBARDY POPLAR

WHITE FLOWERING HORSE CHESTNUT

## ORNAMENTAL TREES

**Norway Maple.** This is one of the hardiest ornamental shade trees, and one of the most beautiful. A noble variety both in growth and form. Very popular for shade and ornament. This maple with its broad, showy leaves has many admirers.

Prices.....	Each	10
6— 8 feet.....	\$ .70	\$6.00
8—10 feet.....	.90	7.50

**Ash Leaved Maple or Box Elder.** A fine rapid-growing variety, with handsome, light green foliage and spreading head; very hardy; desirable for street planting and succeeds in many sections where other varieties do not thrive.

Prices.....	Each	10
6—8 feet.....	\$ .40	\$3.00

SILVER MAPLE

**Silver Maple.** It is beautifully ornamental if given room to develop, and is particularly useful on wide streets and avenues. Foliage is of an attractive silvery tinge. Prices, 6 to 8 feet, 50c. each, \$4.00 per 10; 8 to 10 feet, 75c. each.

**Wier's Cut-Leaved Maple.** One of the most remarkable and beautiful trees, with beautiful cut foliage. One of the most rapid growing and graceful of the weeping trees. Perfectly hardy. Prices, 6 to 8 feet, 60c. each, \$5.00 per 10.

**Purple Leaved Plum.** (*Prunus Pissardi*)—There is no hardy foliage tree grown that can compare with the *Prunus Pissardi*. There is nothing that will please you as well as will foliage trees. It is the most beautiful foliage tree extant. The finest purple leaved tree. The young branches are a very dark purple; the leaves when young are lustrous crimson, changing to dark purple, and retain this.

Prices.....	Each	10
4—5 feet.....	\$ .50	\$4.00

**Lombardy Poplar.** This is an old favorite. Well known and remarkable for its erect, rapid growth and tall spiral form. Indispensable in landscape gardening to break the ordinary and monotonous outline of most other trees.

Prices.....	Each	10	100
3— 4 feet.....	\$ .12	\$1.00	\$ 8.50
4— 6 feet.....	.15	1.25	10.00
6— 8 feet.....	.20	1.50	12.00
8—10 feet.....	.25	2.00	

**White Flowering Horse Chestnut.** Beautiful when in bloom. In early spring these trees are completely covered with white flowers. We think there are but few who realize how beautiful are the flowers of the horse chestnut.

Prices.....	Each	10
5—6 feet.....	\$ .50	\$4.00

**American White Oak.** Large size and spreading branches; leaves lobed, pale green above and glaucous beneath. Price, 6 to 8 feet, \$1.00 each.

**English Oak.** (The Royal Oak of England)—Spreading, slow growth. Price, 6 to 8 feet, \$1.00 each.

**Red Oak.** Large size and rapid growth; purplish-red foliage in fall. Price, 6 to 8 feet, \$1.00 each.

CAROLINA POPLAR

CALIFORNIA PRIVET HEDGE

CATALPA

## ORNAMENTAL TREES (Continued)

**Carolina Poplar.** It is one of the most rapid growers among shade trees, frequently growing 8 feet during one season, and thus making fine avenues in a few years. It is very desirable at the roadside, in parks, along rivers and streams for the protection of the banks. It has advantages over other shade trees because it will grow in any kind of soil, swampy or muck, light or heavy. It is easily started and gives shade in a short time. Very useful for planting as a screen to shut out unattractive buildings.

Prices.....	Each	10	100
4—5 feet.....	\$ .10	\$ .85	\$5.50
5—6 feet.....	.15	1.25	7.50
6—8 feet.....	.20	1.50	12.00
8—10 feet.....	.25	2.00	16.00

**Ash, Mountain.** Bears clusters of bright red berries in autumn, which are conspicuous and handsome. Price, 5 to 6 foot trees, 50c. each. 4 to 5 foot trees, 30c. each.

**Double Flowering Plum.** (*Prunus Triloba*)—Hardy, very attractive. A great improvement on the flowering almond. Strong 2 to 3 foot trees, 50c. each.

**American Linden or Basswood.** A rapid growing, large sized, beautiful native tree, with very large leaves and fragrant flowers. Price, 6 to 8 feet, 50c. each.

**Thorn, Double White.** Has small, double white flowers. A highly ornamental variety, on account of both foliage and flowers. Makes a very striking contrast when planted with the double scarlet. Strong trees. Price, 50c. each.

**Paul's Double Scarlet Thorn Apple.** Flowers bright carmine red. Superior to any of its color. Strong trees. Price, 50c. each.

**Schwedlerii.** (Red Leaved Maple)—Very distinct and attractive foliage, very showy in the early spring and summer. Price, 6 to 8 foot trees, \$1.00.

**Hardy Catalpa.** (*Speciosa*)—One of the most showy flowering trees. It makes a beautiful object on the lawn and should be in everyone's dooryard.

It is a very rapid grower, and found to be very desirable for railroad ties, etc. Prof. Hussman of the Missouri State Horticultural Society describes it as follows: "It looks like a production of the tropical zone, yet it seems to be entirely hardy, with its immense leaves, velvety brown when they first appear, and changing into dark green; followed by immense panicles of flowers, containing sometimes between three and four hundred buds and blossoms, contrasting finely with its dark massive foliage."

Prices.....	Each	10
4—5 feet.....	\$ .25	\$2.00
5—6 feet.....	.35	3.00
6—8 feet.....	.50	4.00

**Russian Mulberry—**  
Desirable for ornament and shade. A favorite on account of its beautiful cut foliage and fruit. Prices, 4 to 5 foot trees, 35c. each, \$3.00 per 10.

**Purple Leaf Beech.—**  
This blood-leaved tree possesses all the qualifications of an ordinary beech, and in addition has beautiful red leaves which continued throughout the season. Price, 2 to 3 feet, 75c. each.

PURPLE LEAF BEECH

GOLDEN WILLOW

SUGAR MAPLE

AMERICAN ELM

## ORNAMENTAL TREES (Continued)

**American Elm.** The most admired of all American trees. It is very attractive in any suitable location, is entirely hardy and easily transplanted. There are more elm trees planted along our streets and highways than any other one variety. This on account of its dense green foliage, which spreads out from overhead, covering a suitable space of ground in proportion to the size of the tree, which makes it the finest shade tree in the world.

Prices.....	Each	10	100
6— 8 feet.....	\$ .35	\$3.00	\$25.00
8—10 feet.....	.50	4.00	

**The Cut-Leaved Weeping Birch.** This noble tree is not only the most popular of weeping trees, but it is decidedly the best. Its tall, slender, yet vigorous growth, graceful, drooping branches, silvery white bark, and delicately cut foliage present a combination of attractive characteristics rarely met with in a single tree. It thrives in any soil and is very hardy, needs no protection. As single specimens on the lawn or employed as avenue trees, they are very imposing and handsome. If one ornamental tree only, plant the Cut-Leaved Weeping Birch. Price, \$1.00 each.

**European White Birch.** A graceful tree, with silvery bark and slender branches. Erect when young, but after four or five years assumes an elegant drooping habit. Very desirable. Price, 5 to 6 feet, 50c. each; 6 to 8 feet, 75c. each.

**Sugar or Rock Maple.** This native tree of ours is a universal favorite for street planting, and a desirable one everywhere.

Prices.....	Each	10
6—8 feet.....	\$ .50	\$4.00

**PARCEL POST**—We have Silver Maple, Norway Maple, White Flowering Horse Chestnut, Hardy Catalpa, Russian Mulberry, American Elm, Carolina Poplar and Lombardy Poplar, all in parcel post size; strong, nice little trees. Price, 10c. each.

**Golden Willow.** This is a very handsome tree, graceful and very beautiful. When young it grows straight and compact, but after it is five or six years old the branches begin to droop. It is conspicuous at all seasons, but particularly so in winter on account of its bright yellow bark. By all means plant it.

Prices.....	Each	10
2—3 feet.....	\$ .25	\$2.00

Mr. Chas. A. Green:	Oconomowoc, Wis., April 18, 1913.
Plants came O. K., are fine.	Always get good from you. With
kindest wishes,	A. V. Drown.

EUROPEAN WHITE BIRCH

# EVERGREENS AND HEDGES

NORWAY SPRUCE HEDGE—VERY HARDY

**American Arbor Vitae.** (White Cedar)—This is one of the most desirable evergreens for hedging purposes because it can be trimmed to any size or shape desired. The foliage is feathery and spraylike, becoming denser after each pruning with the shears. This evergreen seems to adapt itself to all locations, but does especially well where the soil is moist. It is used to a great extent planted as a wind-break and as a tall hedge around country property. **Prices of hedging plants,** 18 to 24 inches, 25c. each, \$2.00 per 10, \$15.00 per 100. 2 to 3 feet, 50 cents each, \$4.00 per 10.

**California Privet.** The best of all hardy hedge plants. The city of Rochester, N. Y., is one of the most beautiful in the world. On almost every lot California Privet hedges are planted to divide one lot from another. This Privet hedge is also planted in front of most houses adjacent to the street. The Privet hedge is easily kept at any height desired. This hedge holds its foliage nearly all winter. It is almost an evergreen. **Prices of California Privet,** heavy 2-year, well branched, \$4.00 per 100, \$35.00 per 1,000.

**PARCEL POST**—Norway Spruce and American Arbor Vitae not over 10 inches high, can be sent by parcel post, postage prepaid, for 15 cents each, \$1.30 per 10. Strong branched, one year old California Privet can be sent by parcel post, postage prepaid, for 60 cents per 10, \$5.00 per 100. Strong one year old Live-Forever Rose Bushes can be sent by parcel post, postage prepaid, for 75 cents per 10, \$6.00 per 100.

**Norway Spruce.** This is the most desirable evergreen for all purposes and by far the most popular. It is extremely hardy and will grow in all kinds of soil and under all conditions. It is a very rapid grower, pyramidal in form. For a hedge higher than 4 or 5 feet, it is by all means the most desirable tree to use. These hedges can be grown to any height, even up to 20 or 30 feet. An orchard or fruit garden enclosed with an evergreen hedge of this description will in cold states and cold seasons yield double the crop of sound fruit that it would if left exposed to the bleak and cutting blasts of winter. **Prices,** 2 to 3 feet, 35c. each, \$3.00 per 10, \$20.00 per 100; 1½ to 2 feet, 25c. each, \$2.00 per 10, \$15.00 per 100.

**Live-Forever Rose.** A hedge row of Live-Forever Roses is a beautiful sight in summer. Imagine a row 500 feet in length, containing 500 bushes, set one foot apart three years ago and each bush showing an average of 1,000 buds and blossoms, and you can get some idea of one of our attractive hedge rows last summer. The bush is very hardy, standing our severe winters without any protection. **Prices, of Live-Forever Rose for hedging,** one year No. 1, \$7.00 per 100. Extra heavy two year, \$1.25 per 10, \$12.00 per 100.

CALIFORNIA PRIVET—BEST ORNAMENTAL HEDGE

SPIRAEA VAN HOUTTEI

MOCK ORANGE (SYRINGA)

DEUTZIA CRENATA ROSEA

## ORNAMENTAL SHRUBS

**Spiraea Van Houttei.** The grandest of all Spiraeas. It is a beautiful ornament of the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing. The best of the spiraeas. Prices, 20c. each, \$1.75 per 10.

**Spiraea Prunifolia.** (Bridal Wreath)—Blossoms in May with pure white double flowers. Makes showy specimen plants for lawn. Prices, 25c. each, \$2.00 per 10.

**Spiraea Anthony Waterer.** Makes a dwarf bush 15 to 18 inches high, covered from spring till late in the fall with large heads of crimson flowers. Perfectly hardy. Prices, 20c. each, \$1.75 per 10.

**Golden Leaved Elder**—The best of all the colored shrubs. A plant of this bush in a bed, or a border, or on the lawn, is a conspicuous feature, the foliage being as yellow as gold. Prices, strong plants, 20c. each, \$1.75 per 10.

**Spiraea Callosa Rosea.** Has large panicles of deep rosy blossoms; grows freely; blooms nearly all summer; fine. Prices, 20c. each, \$1.75 per 10.

**Spiraea Billardi.** A free bloomer. Produces rose colored flowers nearly all summer long. Prices, 20c. each, \$1.75 per 10.

**Deutzia Crenata Rosea.** (Double Flowered Deutzia) —This is a variety that has very full double flowers which are white tinged with rose. The flowers are produced in great profusion in racemes from 4 to 5 inches long. Prices, 20c. each, \$1.75 per 10.

**Deutzia—Pride of Rochester.** Large, double white flowers, the back of petals being tinged with rose; habit vigorous, and a profuse bloomer. Prices, 20c. each, \$1.75 per 10.

**Mock Orange.** (Syringa) —Flowers white, deliciously perfumed. Derives its name owing to flowers resembling orange blossoms; a delightful substitute for that noble flower. Prices, 20c. each, \$1.75 per 10.

**Snowball.** (Viburnum)—A well known favorite shrub, with globular clusters of white flowers the latter part of May. This good old early and sure flowering shrub is planted perhaps more extensively than any other. It is found in every collection in the gardens of the rich as well as the poor. We have a fine lot of strong plants, 2 to 3 feet. Prices, 20c. each, \$1.75 per 10.

A BRANCH OF A SNOWBALL BUSH

LILAC

PAEONIES

PHLOX

## ORNAMENTAL SHRUBS (Continued)

**Lilacs.** These beautiful shrubs are indispensable in every collection. In addition to the well known common varieties described below, we make a specialty of the **New French varieties**. These come in both single and double flowers and in a variety of colors, of which the leaders are white, pink, purple, violet and pale blue. When ordering, state whether double or single are wanted and color. **Price of these New Lilacs**, 35c. each, \$3.00 per 10.

**Lilac, Old Homestead.** There are no flowering plants more highly prized than this beautiful pink lilac. The Old Homestead Lilac is not claimed to be a new variety. It is a choice variety found in an old garden at Green's Fruit Farm. **Prices**, 20c. each, \$1.75 per 10.

**Lilac, Purple.** The well-known variety, one of the best. A good grower; flowers and young wood fragrant; purple. **Prices**, 20c. each, \$1.75 per 10.

**Lilac, White.** A very desirable contrast to the purple; those who have one should have the other. **Prices**, 20c. each, \$1.75 per 10.

### Hardy Hydrangea —

(Paniculata Grandiflora)—We urge our friends to plant the Hydrangea. It is hardy, enduring the severest winters outdoors without protection. It is easily transplanted, not one in a thousand dying; it never fails to blossom the first year planted; no matter how small the plant, it immediately buds out in great profusion of flowers, many of them as large as the head of a full grown child. When the specimens first open they are greenish white, later they turn to a pure white, and still later to a delicate pink. **Prices**, extra large, 40c. each, \$3.50 per 10; Medium size, 30c. each, \$2.50 per 10; Tree form, 3 to 4 feet, 75 cents each.

**Paeonies.** (The Queen of Spring Flowers)—The Paeony can be planted in the spring or fall. It rivals the rose in beauty and fragrance. **Price** and colors of Paeonies: red, pink, and pink and white, best varieties, strong roots that will flower the coming summer, 25c. each, \$2.00 per 10.

**Perennial Phlox.** Finest autumn flowers. Plant roots of the Phlox in fall or spring, and those roots will continue to send up flower shoots each spring for twenty years. Plant the Phlox in a row along the border of the roadway, in a bed made up of several rows, or in a round bed on the lawn, or in shrubbery.

It is hardy and succeeds everywhere and on all soils.

We offer three colors, pink, white and red. **Prices of strong plants**, 15 cents each, \$1.25 per 10, \$12.00 per 100.

A HEDGE OF HARDY HYDRANGEAS

PURPLE FRINGE

ALTHEA

PURPLE BARBERRY

## ORNAMENTAL SHRUBS (Continued)

**Althea.** (Rose of Sharon)—One of the most showy flowering shrubs; strong, erect growing, with large bell-shaped, double flowers of striking color, borne abundantly in August and September, when most other shrubs are out of bloom. We have white, red and purple. They are very hardy, easily cultivated, and will bloom until their growth is cut short by frost. **Prices**, heavily branched, well-rooted bushes, 2 to 3 feet, 20c. each, \$1.75 per 10.

**Purple Fringe or Smoke Tree.** Unlike any other flowering shrubs, blossoms resemble a cloud of smoke. Much admired and conspicuous in flower, and also pretty on account of its foliage in autumn. **Prices**, strong, 20c. each, \$1.75 per 10.

**Forsythia Viridissima—**(Golden Bell)—A fine, hardy shrub. It comes into bloom early, and flowers are of a bright orange-yellow. **Price**, large, 20c. each, \$1.75 per 10.

### **Yucca Filamentosa.—**

I know of no flowering plant more showy. It is a gorgeous grower and endures the most severe winters without protection. It blossoms year after year, for a lifetime, and its blossoms look like white lily blossoms. They are pure white, and remain a long time in bloom. **Prices** of strong plants, 25c. each, \$2.00 per 10.

**Purple Leaved Barberry—**A beautiful shrub with violet purple foliage; showy, small yellow flowers, and beautiful red berries in pendulous clusters. **Prices**, strong bushes, 25c. each, \$2.00 per 10.

**Japan Quince.** (Cydonia Japonica)—The prevailing and most desirable color, we think, is the deep crimson. Blossoms in early spring, and produces considerable fruit, which increases its value as an ornamental. **Prices**, strong, 20c. each, \$1.75 per 10.

Mr. C. A. Green:

PARSONS, PA., April 7, 1913.

I received my order in due time and everything was satisfactory. I am very well pleased with the trees and yourself. I will do all in my power to help you in any way that I can. I will say that you are a square man in every way. If I need anything in your line again you will be the man that will get the order.

JOSEPH HANNON.

A BED OF YUCCA

DWARF BARBERRY AS A HEDGE

**Dwarf Barberry.** (*B. Thunbergii*)—Very attractive, neat and dense in growth, yet graceful because of its drooping branches. The yellow flowers are followed by scarlet fruit borne in dense profusion on the long stems and clinging through most of the winter; the leaves color to scarlet and gold in autumn. **Prices,** 20c. each, \$1.75 per 10 for hedge, \$7.50 per 50.

**Syringa Villosa.** A most pleasing variety of lilac, differing in foliage and blossom from all other lilacs—a great favorite with us. Flowers abundant, large clusters, pink and latest to bloom of all lilacs. **Price,** 35c. each, \$3.00 per 10.

**The Weigela.** The Weigela is one of the most charming shrubs in cultivation; it cannot be too highly recommended; the flowers are large, trumpet shaped and are borne in great profusion. We offer them in colors, red, pink and white. **Prices,** strong plants, 20c. each, \$1.75 per 10.

**Ostrich Plume.** The New Ornamental Grass (*Eulalia*)—Is nearly as beautiful as ostrich plumes when in blossom. Plumes will keep for months or years, drying like feathers. Valuable as a decoration for mantelpiece, sideboard or piano. **Prices,** strong plants, 10c. each, 80c. per 10.

**Tree Cranberry.** Hardy as a rock and most desirable, combining the ornamental with the useful. The blossoms are white, single and very showy and its beautiful fruit clings to the branches in winter. **Prices,** large bushes, 20c. each, \$1.75 per 10.

**Anchusa.** (The Heavenly-Blue Flower)—This is one of the very choicest hardy border plants. It is very hardy, growing from 4 to 6 feet with good culture. It is fully covered with pure blue flowers an inch in diameter, which are of a surpassing beauty and loveliness. It flowers in May, lasting about two months in bloom. **Prices,** 35c. each, \$3.00 per 10, by mail or express.

**Golden Glow.** This is a beautiful yellow blooming perennial plant, and like phlox it stands out of doors all winter. The foliage, which dies back every fall, springs up vigorously in the spring and grows to the height of 5 or 6 feet. If you do not wish the plants to grow so high, nip them off when they are a foot or two high. **Prices** of strong plants, 5c. each, 40c. per 10.

**Gladiolus.** This is one of the best bulbs for summer flowering. Its cultivation is very simple as it will thrive in ordinary garden soil. They make a splendid effect when planted among roses, paeonies and shrubbery. **Prices** of bulbs, fine mixed colors, 20c. per 10, \$1.10 per 100.

**Dahlias.** By all means plant some Dahlias. An old fashioned flower producing a very desirable effect when planted with roses, bulbs or shrubs. We have a good assortment of colors. **Prices,** 15c. each, \$1.25 per 10.

**PARCEL POST**—Strong Ornamental Shrubs 10 to 15 inches high and Hardy Flowering Plants and Bulbs can be sent by parcel post, postage prepaid, at same price as quoted for the large specimens.

## Green's Flowering Shrub Collection

15 Splendid Flowering Shrubs and Plants—  
Strong and Bushy—for \$1.75

2 ALTHEAS	1 SNOWBALL
3 SPIRAEAS	1 WEIGELA
2 DEUTZIAS	2 PAEONIES
1 MOCK ORANGE	2 OSTRICH PLUMES
1 PURPLE BARBERRY	

**SPECIAL PRICE \$1.75 (Sold Elsewhere \$3.50)**

**Deutzia Candida.** A valuable variety. It is of vigorous habit, and erect grower, becoming in time a large-sized shrub. Flowers pure white, produced in great profusion during June, and the plants continue to bloom through the summer and even until autumn. **Price,** 20c. each, \$1.75 per 10.

**White Fringe.** A small native tree or shrub, of roundish form, with large, glossy leaves and drooping racemes of pure white flowers, having narrow fringe-like petals; blossoms in May or June. A superb lawn tree. **Price,** 20c. each, \$1.75 per 10.

McKEESPORT, PA., Aug. 15, 1913.

Gentlemen:

Out of about 6000 trees and 550 vines Green's Nursery Co. sent me in the last four years, I have not lost 50 trees. The vines are all growing and doing fine.

W. H. CLOUSE.

A PLANT OF GOLDEN GLOW

AN ARBOR OF CLIMBING AND RAMBLER ROSES

## ROSES

**Crimson Rambler.** A climbing rose of unusual attractions. Very hardy. Vigorous in growth, having grown 8 to 10 feet in a season. Produces a profusion of blossoms, having been known to produce 300 blossoms on one shoot. The Crimson Rambler is especially adapted for covering trellises. Its cluster form, its brilliancy, the abundance of its bloom, and the great length of time the flowers remain on the plant without falling or losing their brilliancy, are qualities which make this rose an assured favorite. Prices of bushes, 2 years, 25c. each, \$2.25 per 10.

**General Jacqueminot.** Deep, brilliant shaded crimson, with large petals, globular with high center. Prices, 25c. each, \$2.25 per 10.

**Yellow Rambler.** Flowers of medium size, in immense clusters, very sweet-scented; a clear decided yellow. Prices, 25c. each, \$2.25 per 10.

**White Rambler.** Resembles Crimson Rambler in foliage and habit; flowers pure white. Prices, 25c. each, \$2.25 per 10.

**Moss Roses.** Old favorites. Especially pretty when in bud. We offer these in white, pink and red. Prices, 25c. each, \$2.25 per 10.

**PARCEL POST**—Rose Bushes can be sent by parcel post, postage prepaid, for 2 cents each, extra.

**Frau Karl Druschki.** (Snow Queen)—The finest white rose. It is marvelous in its beauty in half opened bud and in the pure white of the full opened bloom. Prices, strong No. 1 bushes, 25c. each, \$2.25 per 10.

**Coquette des Alps.** White, slightly shaded with carmine; strong grower and a great favorite. Prices, 25c. each, \$2.25 per 10.

**Madam Plantier.** Pure white, produced in great abundance early in the season. Prices, 25c. each, \$2.25 per 10.

**Paul Neyron.** Flower of immense size, one of the largest grown and one of the finest; color deep shining rose, very fresh and pretty. Prices, 25c. each, \$2.25 per 10.

**Crimson Baby Rambler.** Can be planted outdoors or put in pots indoors. A dwarf (bush) form of Crimson Rambler, and, furthermore, everblooming. Has the same bright crimson color as the climbing Crimson Rambler, and blooms in clusters of 20 to 40 flowers at one time on plants of fair size. Prices, strong No. 1 bushes, 30c. each, \$2.50 per 10.

**Veilchenblau.** (Blue Rambler)—This is a new rambler rose, producing flowers of a pale violet blue color. It is very hardy and distinctively a novelty. Prices, 25c. each, \$2.25 per 10.

**Soleil d'Or.** A beautiful golden yellow rose. The flowers are very globular. Prices, 35c. each, \$3.00 per 10.

**Dorothy Perkins.** (Climber)—A most valuable Pink Rambler Rose. Flowers are very double, of large size, usually two inches across and borne in loose clusters. The petals are very prettily rolled back and crinkled; the buds are remarkably handsome, being pointed in shape and of just right size for the buttonhole. Prices, 25c. each, \$2.25 per 10.

**Live-Forever Rose.** A bug proof, hardy Rose. If you have tried growing roses and failed, try once more, for we have discovered a rose which lives long and is proof against insects and diseases. Prices, 15c. each, \$1.25 per 10, \$12.00 per 100 for large 2-year bushes.

**Magna Charta.** A general favorite, prized on account of its strong upright growth and bright, healthy foliage, as well as for its magnificent bloom. The color is beautiful pink, suffused with carmine. Prices, 25c. each, \$2.25 per 10.

## Green's Rose Collection No. 1

8 Splendid Two Year Rose Bushes for 98 Cents

1 CRIMSON RAMBLER	1 YELLOW RAMBLER

Green's Nursery Co.

Pownal, Vermont, March 12, 1913.

I want to say I think your roses are the finest I ever saw. Also your trees and plants are true to name. I have always found them so.

MARTIN H. RICE.

CLEMATIS PANICULATA IN BLOSSOM

**Clematis Paniculata.** This beautiful Clematis fills a long felt want for a rapid growing, hardy, easy-to-transplant flowering vine. Its beauty is indescribable. It commences to grow very early in the spring and blooms profusely in the late fall. If you can plant only one vine, plant the Clematis Paniculata. A remarkably beautiful climbing plant. Flowers pure white, star-shaped, about one inch in diameter, borne in large clusters; will last several days as cut flowers, retaining their freshness and fragrance. Plant is a strong, quick grower, has broad, healthy foliage, seldom attacked by insects. Chas. A. Green's choice for an easily transplanted, sure blooming plant. **Price, 25c. each.**

**Henryi Clematis.** A vigorous grower and free bloomer, producing its large, pure white flowers constantly during the summer and early autumn. **Price, 35c. each.**

**Jackmanni Clematis.** Flowers, when fully expanded, are from 4 to 6 inches in diameter; intense violet purple, with a rich velvety appearance. An abundant bloomer. **Price of strong plants, 35c. each.**

**Virginia Creeper.** (American Ivy)—The good, hardy, native American Ivy. Fine for trellises where a rapid growing vine is needed. **Price, 25c. each.**

**Trumpet Flower.** A grand old favorite, hardy climbing plant, with large, trumpet shaped, scarlet blossoms in August. Fine for covering old tree stumps and verandas, or for growing as single specimens. It is very hardy and will thrive everywhere. **Price, 25c. each, strong 2-year vines.**

## FLOWERING VINES

**Hall's Japan Honeysuckle.** An almost evergreen honeysuckle of the greatest value, being hardy and of strong growth. The flowers are fragrant, of a pure white changing to yellow, resembling a Cape Jasmine in odor and produced in profusion from May to December. **Price, strong plants, 25c. each.**

**Ampelopsis Veitchii.** (Boston Ivy)—This is one of the most beautiful ivies and the latest acquisition. It is a rapid grower and clings tenaciously to brick or stone walls, requiring no artificial fastening or training. A single vine may in time cover the entire side of a house or church. It is hardy and thrives almost everywhere. **Price, strong vines, 35c. each.**

**Chinese Blue Wistaria.** One of the most elegant and rapid growing of all climbing plants; attains an immense size, growing at the rate of 15 to 20 feet in a season. Has long pendulous clusters of pale blue flowers in May, June and in autumn. **Price, 25c. each.**

**Chinese White Wistaria.** Similar to Chinese Blue. Flowers a pure white. **Price, 35c. each.**

**Chinese Purple Wistaria.** Similar to Chinese Blue. Flowers a beautiful purple. **Price, 25c. each.**

**PARCEL POST**—Ornamental vines can be sent by parcel post, postage prepaid, for 5 cents per vine extra.

STRATFORD, CONN., May 26, 1913.

Green's Nursery Co.:

Received my trees, strawberries and grape vines all in fine shape. I never received better trees for the money or those packed more carefully. Shall buy my nursery stock of you in the future and advise my friends to do so.

A. E. MERRILL.

CLIFTON, N. J., April 22, 1913.

Green's Nursery Co.:

Your trees and vines have been received by me in good condition. Thanks for the same. Your trees could not be purchased at double that price from others. Well satisfied.

MRS. LILLIAN LENTZ.

POTTSTOWN, PA., April 22, 1913.

Green's Nursery Co.:

The bale of trees came all right. They are very nice trees and plants. The apple trees that I received from you last fall are growing nicely. None died. I can't see how you can sell such fine trees at your prices, which are less than half what agents ask. Your trees have such good roots. That is what I want. I cut most of the top away.

JOHN P. FREDD.

CHINESE WISTARIA

### The Home Evaporator

For drying all kinds of fruits, vegetables, etc., can be used on any stove. No extra fire needed. It has been thoroughly tested and proved to be the best for the price. Don't let your fruit go to waste. Order one of these driers at once.

Price..... \$4.75

Price, with apple parer No. 1. 5.50

Send for circulars describing larger Evaporators, Parers, etc.

### Standard Tree Pruner

With Metal Brace Plate, Anti-Rust Rod, Steel Lever. Standing on the ground the operator can cut from distance of arm's length to a height of 18 feet, according to the length of pole, the smallest twig or a branch an inch in diameter. Most convenient to use. Sure to do its work well.

Price—Length 4 ft., weight 3½ lbs., \$ .75

" " 6 " " 4 " .85

" " 8 " " 4½ " .95

" " 10 " " 5 " 1.00

### The Levin Tree and Grape Pruner

One of the strongest and easiest cutting pruning shears made. The Levin is the most practical pruner made.

Special prices, by mail, postpaid:

No. 23, medium size..... \$1.00

No. 24, large size, cut ¾ inch dry oak..... 1.15

### "Fruit Growers' Favorite" Pruning Saw

has a self-feeding draw out blade with a thin back that will not pinch or bind. It will cut limbs closer to the tree and will do three times the amount of work in a given time than any other saw. Much of the work is done while standing on the ground, the handles being from 6 to 8 feet long. It is very light weight and a great labor saver.

Price..... \$1.50

### Wood Veneer Tree Protectors

Insure your orchard against the ravages of rabbits, mice and sun scald, by using these protectors.

Price, \$1.00 per 100; \$4.50 per 500; \$8.00 per 1000.

### Green's Grafting Tool and Grafting Wax

Green's Grafting Wax in convenient pound and one-half pound packages.

Price, half-pound, postpaid... 30c

Price, pound package, postpaid..... 45c

Price, 5 lbs., postpaid..... \$2.00

Green's Grafting Tool, complete, made of forged steel. Price, postpaid..... 75c

### Tiffany's Dandy Tree Pruner

made of steel, cuts very easy, smooth, and fast. It is light, strong, handy and efficient. Fully warranted against all flaws. Every fruit grower should have one. Length, 24 inches; weight, 3 lbs.

Price..... \$1.50.

### Green's Apple Parer

No. 1 for Home Use—Pares, cores and slices the fruit, and then pushing off apple and core separately, is ready to repeat. This machine stands beyond the reach of all competitors. There is nothing about it to break or get out of order, while the wear is so slight as to make it almost everlasting. Can be used to pare without coring or slicing. Weight, packed, 3 lbs.

Price, No. 1, complete, postpaid only..... \$1.00

### Standard Quart and Pint Berry Boxes

Price, \$2.25 per 500; \$4.00 per 1000; \$3.75 per 1000 in lots of 3000; \$3.50 per 1000 in lots of 10,000 or more. Order at once before prices advance.

### The Master Plant Setter

A Man with a Master's Plant Setter will set, water and fertilize 10,000 plants per day. No blanks—no stooping—no more lame backs.

Don't wait for showers, but keep the planter going every day, and by using water or liquid fertilizer you will produce the best stand of plants seen for many a day. For cabbage, tomatoes, tobacco, celery, etc. Weight packed, 7 lbs.

Price..... \$4.00 f. o. b. at Rochester, N. Y.

If wanted by Parcel Post add postage for 7 pounds.

**1915 PLEASE USE THIS SHEET WHEN ORDERING**

Use other side of this sheet when ordering Trees and Plants sent by Parcel Post

**HOW TO ORDER.**—We employ no agents. This catalogue is our only salesman. Fill out this Order Sheet with the items you want to buy, enclosing Postal Money Order, or Bank Draft on New York, and mail all to us in enclosed envelope. By this method you save half the money you would have to pay agents for trees. We have filled orders in this way for years, and are well known all through the country. You can learn of our responsibility through any commercial agency, bank or banker, or of the Postmaster at Rochester, N. Y. We pack and ship all Winter to Southern States from trees stored in our large cellars. Our Regular Spring Shipping Season opens from April first. State positively how we are to ship, whether by Freight, Express, or Mail. If by Freight or Express, give name of R. R. station and your post-office.
